## Will Rogers Remarks:

BEVERLY HILLS, June 17.—[To the Editor of The Times:] Ambassador Daves arrived in England at 9 a.m. built a fire in his pipe at 9:15, met King George at 9:30 and told him Senate jokes till 10, refused his pipe at 10:15, grabbing the Flying Scotchman and went to the Heelands to interview Ramsay MacDonald, reloaded pipe at own expense, also MacDonald's pipe, decided the world should disarm at 5:30 p.m., both refilled pipes from Daves auxiliary supply and went into huddle on World Court, settled World Court and duty on tobacco by 6 p.m., back to London same night and reported to Prince of Wales and Lady Aster, cabled Hoover for more tobacco and instructions as to how to put in his time from now on.

Yours,  
WILL ROGERS.

## MARIE BAR DEFEATED

### Senators Beat Borah's Plan

Senator Johnson Switches at Last Minute After Hours of Debate

### Jones Proposal Also Voted Down and Upper House Orders Recess

WASHINGTON, June 17. (Exclusive)—The Senate this afternoon after an arduous five-hour debate defeated by the narrow margin of one vote the Borah amendment limiting tariff revision to agricultural products and the Jones modification, which would have held to agriculture and only other industries as can demonstrate beyond question their need for additional tariff protection. The vote was 59 to 39 in each case.

Having taken this action, the Senate voted, 59 to 23, to take recess until tomorrow night, to August 15. Efforts to extend the date for reconvening to September 3 and September 7 failed. The House, it is predicted, now will drop its contemplated three-day-a-week recess plans and agree to the formal vacation.

Strangely enough, it was Senator Jones who proposed the recess.

## PAST'S HEAT KILLS FIVE

### Prostrations of Day Thirteen

New York Still Torrid as Millions Return from Week-end Trips

### Scorching Wave to Continue; Nine Reported Drowned; Workmen Succumb

NEW YORK, June 17. (Exclusive)—New York's wandering two million, who fled to the suburbs for breath of air over the week-end, returned to the city today to swelter with the four million stay-at-homes and face the prospect of continued heat and no relief in sight. The temperature at 3 p.m. was 88 degrees, or 3 degrees hotter than Sunday's hottest. The mercury, however, fell short of the high record for that date. On June 17, 1891, it read 92 degrees.

## LAST MAN OF MEXICAN WAR HAILED

Pension Bureau Notifies Owen Edgar of Position as Sole Survivor

WASHINGTON, June 17. (Exclusive)—On his ninety-eighth birthday anniversary today to learn that now he is sole survivor of the Mexican War, Owen Edgar turned to his daily devotions. His magnifying glass helped to find the date in the volume close to his chair. Edgar, 98, of the Bronx, a bricklayer, who was overcome and fell down a shaft of a new building on Fifth avenue.

## Debris of Plane in Hawaii Hints at Old Tragedy

HILO (Hawaii) June 17. (Exclusive)—Four pieces of airplane wreckage picked up near Kilauea on the Island of Hawaii today are believed to have been parts of the plane Golden Eagle or Miss Doran, which disappeared during the flight from California to Honolulu in 1927.

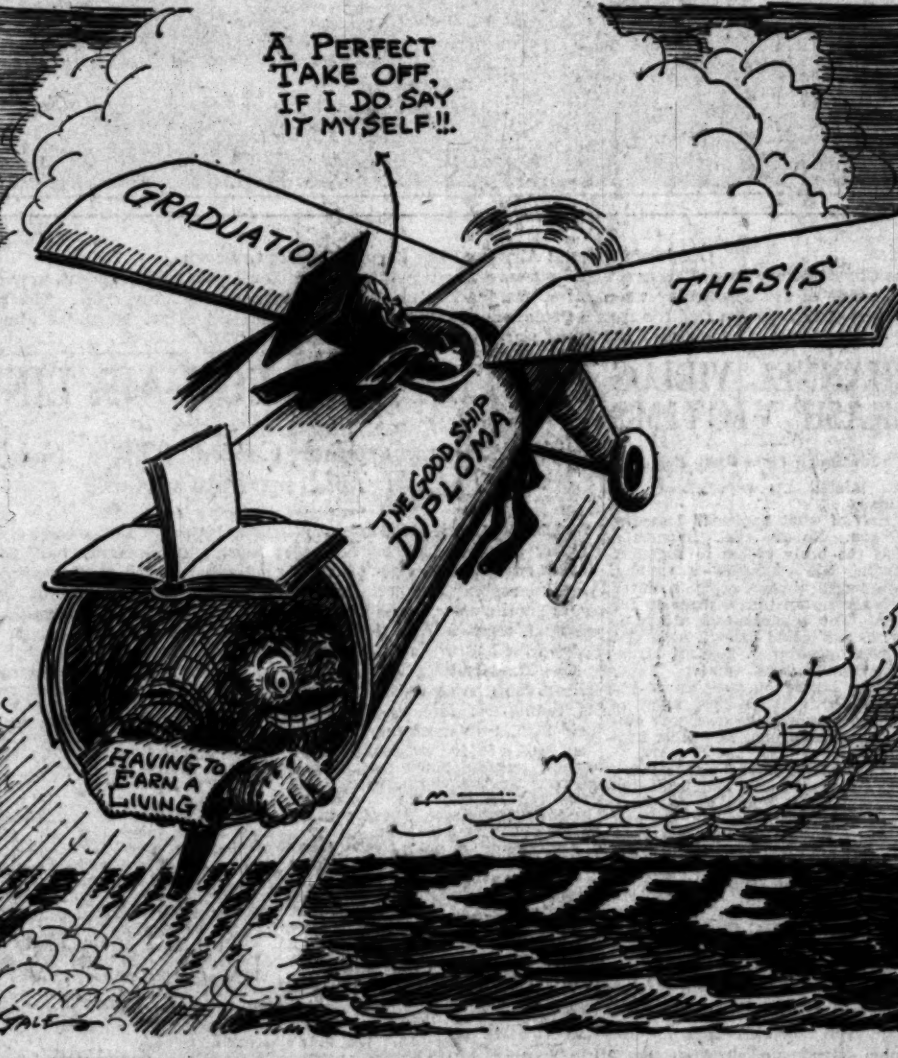

## Several Killed in South Africa Racial Riots

DURBAN (Natal) June 17. (Exclusive)—One European and four natives were killed and ten Europeans and forty-one natives were seriously injured today in rioting in the Asiatic quarter. The trouble grew out of a dispute in a native eating house, after certain natives objected to food being prepared by other than their own people.

## Flyer to Make Honduras Jump

WESTFIELD (N. J.) June 17. (Exclusive)—A six-passenger monoplane was at the airport here today being "reared," it was said, for a nonstop flight from New York to Honduras. The owner of the plane, Leonardo Garay of Tegucigalpa, brought the ship from Washington. He was accompanied by two attaches of the Honduran Legation. Officials at the airport said Garay had ordered the seals removed to make room for additional gasoline tanks.

## The Stowaway!

## QUAKE KILLS ANTIPODEANS

At Least Seven Persons Known to be Dead and Much Damage Done in New Zealand

WELLINGTON (N. Z.) June 17. (Exclusive)—An extensive earthquake violently shook both the north and south islands of New Zealand today. At least seven persons were killed and the death list may be greater.

## RUIN SPREAD OVER JAPAN BY VOLCANO

Old Fiery Mountain, After Years of Sleep, Belches Ashes on Many Villages  
HAKODATE (Japan) June 17. (Exclusive)—The volcano Komagatake, which has burst into its first serious eruption in ten years, poured forth lava, smoke and ash today. A column of smoke and flame, estimated to be a mile high, stood over the peak this evening, and is visible from Hakodate, which is thirty miles away. Villages for miles around are showered with ashes. The heavy lava flow has ignited the mountain-side forests. The Onuma-Sinkabe electric line, serving a large district, is completely disrupted, and service on the main Hakodate-Otari railway is suspended by damage caused by a fire which destroyed Kusagawa.

## Couple Found Dead in Wreck

LIVERMORE, June 17. (Exclusive)—Bodies of a man and a woman pinned beneath an automobile at the bottom of a 300-foot cliff were found in the hilly wilderness sixteen miles east of here this afternoon. The man was identified from papers at Raymond Boyd of San Francisco, and the woman as Miss Barbara MacMichael, also of San Francisco. Tire marks indicated the machine had skidded on the dirt road and had plunged over the cliff.

## BYRD PREPARES FOR SALLY

Commander and Crew Busy Getting Ready to Hit Trail of Antarctic Explorations

BY RUSSELL OWEN  
LITTLE AMERICA (Antarctica) June 18. (Exclusive)—This darkness enshrouded and mole-like village is busy these days with preparations for the southern trip next season. Long before the weather is good enough to fly, dog teams will start southward, probably about October 15, in order to reach the mountain of the Queen Maud range and establish a base under the towering peak of Mt. Nansen. And while waiting for Commander Byrd to take off for his Polar flight, Larry Gould, the geologist, will lead a sledging party into the Queen Maud Mountains and gain all the knowledge possible of their structure. He also will try to climb Mt. Nansen. It is 400 miles from Little America to the foot of the mountains and it is expected that the journey will take about a month because of interruptions due to blizzards. The geological party hopes to spend at least a month there and

## RADIO-FILM DEAL NEAR

### RCA-Paramount Tie-up in Offing

Word on Negotiations Given With Sarnoff's Return from Abroad

### Preliminary Details Already Discussed With Zukor.

NEW YORK, June 17. (Exclusive)—Negotiations for acquisition of Paramount-Famous-Lasky Corporation by Radio Corporation of America, it was reported today, will be one of the principal tasks to be taken up by David Sarnoff, vice-president and general manager of the Radio Corporation, who returned to his office this morning after three months' absence in Europe. Preliminary discussions with Zukor, president of Paramount, and Jesse Lasky, vice-president of Paramount, it was learned today, were launched prior to Mr. Sarnoff's departure for Europe on official business and unofficially on mission in connection with the reparations conference. With tentative plans laid for uniting the Radio Corporation's communications business with the International Telephone and Telegraph Corporation, attention is being devoted now to development of the amusement enterprises of R.C.A.

## R-E-K-O AFFILIATION

Through Radio-Keith-Orpheum Corporation, of which Mr. Sarnoff is chairman, the Radio Corporation controls the former Keith-Albee-Orpheum chain of vaudeville and motion-picture houses and has its own motion-picture producing organization, R-E-K-O. Productions, Inc. Pathe Exchange, Inc., which produces sound pictures with the R.C.A. Photophone process, also exhibits through Radio-Keith-Orpheum. Acquisition of Paramount-Famous-Lasky would give to Radio Corporation one of the major film producing companies and control of the Public Theater chain, which is understood to be operating more than 300 houses.

## CONTRACT OBSTACLE

One obstacle to the merger might be the contract between Paramount and Western Electric for use of Western Electric's sound reproduction system for films years ago. Release from this contract might be difficult and expensive to obtain. Working relations between Radio and Paramount interests were indicated last month through the formation of Radio-Keith-Orpheum (Canada) Ltd., to be owned jointly by Radio-Keith-Orpheum and Famous Players Canadian Corporation, Ltd. Adolph Zukor is president of the latter and one of three voting trustees. Paramount last week established indirect control also with United Artists by purchase of \$3,000,000 debentures of Art Cinema Corporation, an affiliate of United.

## Terrific Storm Descends Upon Canadian City

REGINA (Sask.) June 17. (Exclusive)—Descending upon Northern Saskatchewan, a terrific gale accompanied by lightning is raging at Saskatoon tonight. Telephonic and telegraphic communication is paralyzed. A bedraggled traveler reaching the city late tonight in an automobile, which was battered by the deluge of hailstones, which ruined thousands of acres of crop, told of the havoc which was wrought throughout the district. The wind did considerable damage to farm homes, shattered barns and small sheds. Live stock fell prey to the fury of the elements, many being crushed to death by falling buildings.

## FREAK STORM SUMMED UP

Weather Bureau Finds Week-end Rain Not Serious; Losses Offset by Water Storage Gain

SAN FRANCISCO, June 17. (Exclusive)—With most of Northern California bathed in sunshine again today reports continued to pile up at the Weather Bureau on the effects of the freak storm which swept northern points and endangered coastal shipping over the week-end. The State Department of Agriculture reported 45,000 acres of wheat. The report of the damage done to hay and grain will be equalized by the benefit to alfalfa and citrus fruits. Vineyardists, however, are expected to suffer slightly from mildew. Two small bridges over the south fork of the Stanislaus River, one a highway bridge and the other a logging bridge, were carried away. The Melones reservoir, serving the Oakland and South San Joaquin irrigation districts, was filled to overflowing and the Don Pedro reservoir, supplying Modesto and Turlock districts, rose 18.5 feet, a gain

## SEVEN DIE IN PLANE DIVE

### Air Liner Cracks Up in Channel

American Among Passengers Swept to Death When Craft Hits Sea

### Graphic Story of Crash and Rescue of Four on Board Told by Survivor

FOKESTONE (Eng.) June 17. (Exclusive)—The English Channel tonight night gave up the bodies of six of the seven victims it claimed when the giant air liner City of Ottawa plunged headlong into the channel off Dungeness. These seven passengers were trapped in the cabin but four others and the pilot and mechanic, suffering from shock or injuries, escaped and were rescued. The nationalities and home addresses of some passengers will be underlined late tonight. There was one American on board, Homer W. Tatham, of Minneapolis, who escaped and told a graphic story of the plunge of the huge aircraft. Another American was listed among the dead.

## ENGINE TROUBLE

It was about noon when the Imperial Airways liner, which was speeding to Paris under ideal weather conditions, suddenly developed engine trouble. It was identified when the pilot brought it down on the water as close as possible to a Belgian trawler. The final chapters extended far into the night. Under the star of torchlight on the dreary Dungeness coast, the wrecked liner was towed in and grounded on the sands. Two bodies were found hidden in the forepart of the cabin and another was taken from the ship, besides three earlier recovered. One of the two engines of the ship was missing and the baggage had been stung about and burst. It is feared that the body of the seventh victim was washed away.

## CASUALTY LIST

The casualty list as compiled tonight was:  
The dead:  
Adolph E. Meister of the Garfield Manufacturing Company of New Jersey.  
Leon T. Malcolm, vice-president of the Malcolm and Souther Furniture of Hamilton, Ont.  
Alfred Smith of Melbourne, Australia.

## THOSE RESCUED

Rescued and suffering from shock:  
Mr. and Mrs. Fleming, relatives of Mr. Tatham.  
Miss M. Smith, daughter of Alfred Smith.  
H. W. Tatham of Minneapolis, Minn.  
Mr. Brail, pilot.  
Mr. Barnett, night engineer.  
One of the most tragic figures was Pilot Captain Brail, who had remained on board the tiny Belgian trawler Chaly, which did much heroic work in rescuing the passengers and carrying out the salvage. The pilot was unable to leave himself away from his plane as it tumbled about half submerged in the green waters of the channel with its human freight. When he stepped ashore tonight his nerves were at the breaking point and he refused to make any statement.

## FIRST TRIP IN AIR

Alfred Smith, who died, and Miss Marjorie Smith, his daughter, who survives, arrived here from their native Australia two or three months ago for a holiday. They had intended to make a short stay on the continent and were due back at their London hotel on Friday. Weather of them even had been in the air before one of their friends at the hotel said tonight, "Miss Smith, who is about 19 years of age, was very excited at the prospect of the flight. When they left for the aircraft this morning both waved a cheery good-by." Mr. Smith was about 60 years of age. Mrs. Tatham tonight joined her husband at the hospital here. Tatham, after a brief period of

WESTLAKE BRANCH 2402 WEST SEVENTH

JAPANESE PACT  
FIGHT NEAR ENDPrivy Council Has Meeting  
on Kellogg TreatyCabinet Tentering Because  
of Debated Phrase"Slight" to Emperor May  
Result in Its Fall

TOKIO, June 17. (AP)—The long-drawn-out conflict over the phrase "in the names of their respective peoples" in the Kellogg renunciation-of-war pact entered what is expected to be its final phase at a meeting today of a special committee of nine of the Privy Council, Count Niijori Ito acted as chairman.

The committee began a study of the pact together with the Japanese cabinet's proposed "interpretation" of the phrase to which there is strong conservative opposition because of what is looked on as a slight to the emperor's sole treaty-making powers.

Premier Tanaka, supported by Foreign Office experts, in an appeal to the committee, explained the government's position, the experts outlining the legal and constitutional aspects.

ATTACK ON CABINET  
The controversy involving political subtleties is now concerned with the merits of the treaty itself, but has rallied diverse and powerful elements in an attempt to nullify the Tanaka cabinet on the grounds of remonstrance in accepting a phrase assertedly contrary to the spirit of the Japanese constitution and disrespectful to the sovereign.

One of the keynotes is the attitude of Count Uchida, who signed the treaty in Paris and who is threatening to resign his seat in the Privy Council taking responsibility for his share in this "renunciation."

According to Japanese ideas of responsibility, Count Uchida's resignation almost certainly would compel Premier Tanaka to do likewise. Moreover, if ratification of the pact were accompanied by important reservations which indirectly would censure the ministers, the government would be likely to fall.

OTHER MEETINGS  
The results of today's meeting were not divulged and several others will be necessary. It is expected that a plenary session of the Privy Council will be held about the 25th inst., finally to decide whether to advise the emperor to ratify the pact.

Later, addressing Japanese news-

WHITE HOUSE'S  
SPELLING BADConfirmation of Appointment  
Voided Because of "K"  
Put on Frederic

WASHINGTON, June 17. (AP)—The White House came to the conclusion today that there is room for improvement in its spelling.

When the nomination of Frederic A. Tilton as third assistant postmaster-general was sent to the Senate, a letter "K" was added to the first name. In that form the nomination subsequently was confirmed by the Senate. But, so far as the government in general and the Postoffice Department in particular are concerned, there is no such person as Frederic A. Tilton.

Consequently the whole procedure must be gone through again and the White House today prepared a new nomination.

paper men. Premier Tanaka said that Japan welcomes the opportunity of further reduction in armaments with a view to lightening the national burdens as well as making a contribution to world peace.

He expressed gratification that Premier MacDonald and Ambassador Davies have emphasized the expectation that all the naval powers will co-operate.

High naval officials received the news with customary caution, a Navy Office spokesman merely reiterating in general terms Japan's oft-repeated willingness to co-operate fully in further reductions.

WILBUR DENIES  
Killer's Appeal  
SAN FRANCISCO, June 17. (AP)—The United States Circuit Court of Appeals today dismissed the appeal of Myles Yutaka Fukunaga, Hawaiian-born Japanese youth, under sentence of death for the kidnapping and slaying in Honolulu last year of 10-year-old George Gill Jamieson, son of a Honolulu banker.

In its decision, written by Judge Curtis D. Wilbur, former Secretary of the Navy, the court declared that the points upon which the defense made its appeal did not constitute a Federal question essential to the jurisdiction of that body.

(Fred Hooper, member of The Times staff, is of a group of American journalists touring the West Coast for a study of conditions under the auspices of the Carnegie Foundation. This is one of a series of dispatches he is sending back by Mail.)

BY FRED HOOPER  
NAGOYA (Japan) May 27. (Exclusive)—I have just discovered Nagoya, a Japanese city with more than 1,000,000 inhabitants, that didn't appear on the school map when I studied geography.

Nagoya is the Chicago of Japan. Its population has doubled in the last ten years. It is building a harbor much as we have built one at Los Angeles. As an industrial metropolis it ranks next to Osaka.

Last year its industrial output was in excess of \$2,000,000,000 and more than half of this amount was exported. Its chinaware and textile industries paid more millions in revenue to the American government than to the government of Japan; and it has the best sake and the prettiest, liveliest geishas I have yet encountered in Japan.

GIRLS NOT NAUGHTY  
During three weeks in Japan I have learned that our western ideas about the geishas are all misconceptions. They are not naughty girls—they are a civic and national institution.

Last night the municipality of Nagoya gave a banquet to the eleven visiting American journalists. We were the first of our breed ever to visit them and they ran the annual budget into the red to make it happen.

GEISHAS NECESSARY  
They really are necessary. No foreigner could endure the agony of sitting for five hours cross-legged on a hardwood floor without them. Nagoya has a geisha factory, the Nippon Toki Kasha, that paid \$150,000 in 1937 to the American government. Three times as much as it paid in taxes to the government of Japan, and a grove, attached to a temple, that is a sanctuary for geishas.

I was almost asphyxiated in that grove this morning. After I had made my escape I was informed that the Japanese skunk is sacred to one of the Buddhist cults. One of the saints was pursued by enemies. He hid in a grove of cedars and a pack of skunks surrounded it and put up such a defense that the pursuer was driven in confusion. Since that time their groves are sanctuaries for the skunks.

VOUCHERS FOR AROMA  
After my experience this morning, I have decided not to become a neophyte in that cult. I cannot vouch for the authenticity of this legend, but I can vouch for the aroma of the Japanese polecat.

Nagoya has a wonderful old castle, seven stories and seventeen flights of stairs high, built by a wealthy old martinet of the Tokugawa family about the time the Pilgrim Fathers were landing on their knees somewhere in the vicinity of Plymouth Rock. From basement to lookout on the turret is 170 feet. From my own experience, climbing to the top, it seemed much higher. It was a real climb to me to find that the Japanese were building skyscrapers 300 years ago. I have never seen aught on the Rhine, in Czechoslovakia or Hungary to equal it.

It is of wooden construction, but so lacquered within and without that it has proved impervious to time. The copper roof has not been replaced and its state of preservation suggests enchantment.

DEFENDED BY MOAT  
About the castle is a wall of granite rock twenty feet high with lesser fortress castles at the corners. The approaches are defended on every side by a moat. For symmetry, harmony, architectural beauty, it is one of the wonders of the sixteenth century. What a civilization, what a culture was built while Western Europe was just emerging from the dark ages!

The castle now belongs to the imperial household, occupied by the emperor when he visits Nagoya.

The entrance is through a walled lane and a grim iron portcullis. Once inside, the corridor is covered with light rush matting and on one side is a series of waiting-rooms with paneled sliding walls. The corridor is lined with Japanese paintings, made by the Buddhist monks, and the paneled walls are similarly decorated.

Here are some of the finest examples of Japanese medieval art. No expense was spared. The backgrounds are all of fine leaf gold, the product of the Japanese mines of the sixteenth century.

There are three tiger rooms, for the tiger was the sacred animal of the Buddhists before all the rest. A tiger is fabled to have been Buddha's favorite mount.

FANTASTIC BLASTS  
In one room, a tiger is introduced to the Japanese kumade. Two of them, as large as foxes, occupy one golden panel. It is evident that the artist had never seen the animal he was commanded to paint, for the larger of them has a nose like a fox with heavy eyebrows and sideburns that reach to his picture of Chauncey Depue.

The tigers are all fantastic beasts, bodies as large as that of a grizzly bear and tiny little heads. He generally is grinning, with a very human expression.

I am convinced that the isolation of Japan at that time is only a legend. For there is a panel of a horse that could only have been painted by one familiar with the art of the Low Countries of that period. It would readily be accepted as a Dutch primitive.

As I walked through this corridor I heard a twittering as though birds were singing. Our Japanese escorts said they were the "nightgale floors," made by the carpenters

Established 1889 : Resources in Excess of \$5 Million Dollars

Real Estate Loans at  
Lower CostPacific States Savings 6% Underwritten Loan Plan  
HAS PASSED THE TEST

THE TEST of any real estate loan is its acceptance by shrewd, analytical real estate owners—people who do not take the first financing plan offered, but compare the various plans in order to find the one which cares for their needs most thoroughly, most conveniently, most economically.

Pacific States Savings Now Leads Its Field  
In Real Estate Loan Volume

The 6% Underwritten Loan is based upon a sound financing principle long employed in arranging long term financing for large properties, but new as far as small real estate loans are concerned. Here is the vital distinction between the Underwritten Loan and ordinary real estate loan methods:

By this new plan we separate the cost of money (interest) from the cost of service. In other words, we lend our funds at 6%, their approximate cost to us, and collect, in addition thereto, a moderate fee called the "underwriting fee" to cover our operating costs, risk and profit.

## How Does This Benefit the Borrower?

A study of the loan tables shown here will supply the answer to that question, for they demonstrate that you can place a 6% Underwritten Loan upon your property at a lower dollar-and-cents cost than any other equally liberal installment-payment loan.

## How Can We Safely Make Generous Loans?

There are certain fundamental safety factors that we observe in granting loans: We require that loans be secured by carefully appraised and well located improved real estate that meets our requirements.

Our most important requirement is regular installments of principal and interests. Thus we keep in contact with the borrower and the property, and the margin of security back of the loan increases constantly, an inherent safety factor.

Pacific States Savings and Loan Company's 6% Underwritten Loan Plan has passed this test. That it is being selected by more and more experienced and farsighted realty owners, after comparison with other installment payment loans—is shown by this fact—

We have found in our 40 years of specialized, successful experience in making real estate loans that we can safely lend up to 75% of the sound market value of well located, improved real estate.

How the 6% Loan Functions  
The 6% Underwritten Loan is made on a 6% note, because a low interest note is the ideal method of financing property, making the property more desirable and therefore more salable. The borrower pays 6% simple interest on the actual diminishing balance.

The borrower pays the moderate underwriting fee in advance, but in order to supply him with the entire amount he needs, we will also lend him the underwriting fee, thus spreading its payment over the entire period of the loan.

The loan need not run for the entire term but may be paid before maturity. It has a "cash surrender value"—that is, if paid before maturity the borrower receives a cash refund on the underwriting fee.

The tables at the left indicate the low cost of this loan. Note that the highest underwriting fee in the entire schedule for a fully amortizing loan averages only 75 cents per \$1000, per month, which covers book-keeping, collection and general overhead costs. Others average as low as 31 cents per \$1000 per month.

Loans on Income Property  
We not only make loans for the purchase, construction and re-financing of homes, but also on income property.

We have large funds for immediate advances and pride ourselves on giving prompt service.

## 6% UNDERWRITTEN LOAN, Paying off Interest and Principal in Full

LIFE OF LOAN	Monthly Payment Per \$1000 to Pay Off Principal and 6% Simple Interest at 6%	UNDERWRITING FEE PER \$1000 OF NOTE

of the Tokugawas. There are only two or three such floors in Japan. The secret of making them was closely guarded by the retainers of the Tokugawas and has been lost. The Japanese professed not to know the object of the singing floors, but it was patent to me. They served as burglar alarms to protect the entrance to the apartments of the ruler. There were intrigues in those days. No one could creep silently through that corridor with muffled feet, for weight sets the floors to singing. The present Emperor, with all his power and wealth, cannot duplicate one of our singing floors of the old Shoguns.

BOON FOR 3000  
Passing over the nightgale floor, we came to a series of iron portcullises; then entered a dark hallway with unfinished supports and walls. The floor was rough and extended back at least twenty feet on either side of the passage. These bare rooms were the barracks of the Samurai. To the left was the old

well of the castle, with buckets and ropes. We toiled up seven successive landings, each dark and rough, with the compartments for the retainers. At least 5000 men could be housed there.

Nowhere was there visible sign of a corridor leading to the royal apartments. The skill with which they are hidden is a master feat of construction.

On another eminence, not far away, stands one of the great and finest Buddhist temples in Japan, erected about the time Elizabeth was reigning in England. The Japanese say it is not old. Anything dating back no farther than 1000 years is considered by them distinctly modern. In the garden of this temple we were served an excellent lunch by the Buddhist neophytes.

EVERY DAY HOLY  
This temple, like the castle, is in excellent state of preservation. It was peopled by several hundred worshippers. There is no Sabbath observance in Japan but every day

determine—and some of us are experienced investigators—the morals of present-day Japan verge on the puritanical.

P.S. Since writing the above I have talked with two members of the Foreign Office; and they tell me I was mistaken about that odor, and that the fellow who told me that year about the sacred skunk was only spoofing me. So it now becomes a question of veracity between my nose and the Foreign Office.

Bill Aimed at Reserve Board  
WASHINGTON, June 17. (AP)—A bill to take from the Federal Reserve Board its power to fix rediscount rates and to fix the rate at 3 per cent was introduced today by Senator Brookhart, Republican.

So far as we have been able to Iowa.

Interest Saved Through 6% Note  
Showing the saving effected by paying 6% interest throughout the life of a loan, as compared with higher interest rates. Compare these figures with underwriting fees tabulated in the Underwritten Loan Tables.

TYPE OF LOAN	Savings per \$1000 on Note Bearing		
	15% Interest	8% Interest	6% Interest
6% Paying off Interest and Principal in Full 120 Months	\$135.49	\$168.13	\$204.25
6% Paying off Interest and Principal in Full 144 Months	\$168.95	\$225.97	\$283.40
6% Paying off Interest and Principal in Full 180 Months	\$229.89	\$321.70	\$398.10
6% Paying off Part of Principal sum: \$333 paid off in 5 years	\$74.53	\$94.70	\$118.00
6% Paying off Part of Principal sum: \$750 paid off in 15 years	\$271.48	\$361.28	\$458.00
6% Paying off Part of Principal sum: \$250 paid off in 5 years	\$77.50	\$100.20	\$125.00
6% Paying off Part of Principal sum: \$500 paid off in 10 years	\$164.45	\$219.80	\$275.00
6% Paying off Part of Principal sum: \$750 paid off in 15 years	\$370.23	\$484.61	\$608.00

The amount saved has been calculated at 6% interest, compounded semi-annually, in accordance with Pacific States Savings and Loan Company's savings account terms.

## Check These Advantages

Generous: You may arrange a 6% Underwritten Loan for as much as 65% to 75% of the sound market value of your property.

Eliminate the Second Mortgage: Because of the liberal loans that may be arranged on the Underwritten Plan—the borrower can usually eliminate the necessity of a second mortgage, the most costly form of financing. Many property owners are replacing their present first and second mortgage loans with one 6% Underwritten Loan at a great saving of money, and they make payments on only one loan instead of two.

Long Terms: The 6% Underwritten Loan may be paid over a term of 5 to 15 years. It may be prepaid, before maturity, however. In fact, this loan has a "cash surrender" value.

Small Payments: Monthly payments may be as low as \$8.44 per \$1000 on the face of the note, which includes 6% simple interest and pays the loan in full. Partially amortizing loans may be arranged on terms as low as \$7.58 per month per \$1000, covering both principal and interest.

No Additional Expense and no Worry: A full amortizing Underwritten Loan will care for your home financing problem permanently. You are not put to the trouble and expense of renewing your loan. You are freed from the disagreeable possibility of having your loan called and having difficulty in finding a new lender, which becomes more difficult as a home grows older.

## We Invite Your Personal Call

Our 6% Underwritten Loan Plan is simple, and anyone can understand it and see its benefits. We invite you most cordially to come in personally and let our loan officials show you how it may be applied to your individual financing needs, and to compare its advantages with other financing methods. This comparison will show you why Pacific States Savings leads its field in real estate financing.

## Must Men Fear 40?

Medical authorities agree that 65 per cent of all men past middle age (say much younger) are afflicted with a disorder of the prostate gland. Aches in feet, legs and back, through, night risings, sciatic pain, are some of the signs—and now a member of the American Association for the Advancement of Medicine has written a remarkably interesting Free Book that tells of other symptoms and just what they mean. No longer should a man approach or past the prime of life in content to regard these pains as conditions as inevitable signs of approaching age. Already more than 50,000 men have used the amazing method described in this book to restore their health and vigor—and to restore the prostate gland to its proper functioning. Call in person if possible, otherwise mail your request to The Electro-Thermal Company, Dept. B-149, 303 Van Ness Bldg., Los Angeles—the man that is distributing this book for the author—it will be sent to you absolutely free, without obligation. Simply send name and address. But don't delay, for the value of this book is limited. (Advertisement.)

Men Fear 40?  
NEW COLORADO  
DAM PLAN TOLD  
STANFORD GIVES  
DEGREES TO 1071

Arizonans Ask Permit for \$200,000,000 Project  
Thirteen Barriers on River Outlined in Scheme  
One Structure Would be at End of Grand Canyon

PHOENIX, June 17. (P)—Applications for preliminary power permits for a \$200,000,000 project including thirteen dams on the Colorado River between the Arizona-Nevada and Arizona-Utah borders were filed today by Fred T. Colter, president of the Arizona Highline Reclamation Association.

Colter stated the applications were made on behalf of water users under the project named.

One of the proposed dams, designated as the Glen Canyon flood control, irrigation and power dam, would impound 80,000 acre feet of water. This dam was proposed in the upper end of the Grand Canyon.

Eleven of the proposed dams would be in each case back up the river to the foot of next, making a continuous artificial lake.

Another of the dams, called the Bridge flood control and diversion dam, would make it possible to irrigate 4,160,000 acres in Arizona and develop 2,500,000 horsepower of electricity.

The thirteen dams, Colter maintained, would develop an aggregate of 5,000,000 electric horsepower.

**PRESIDENT VISITS PRUSSIA**  
BERLIN, June 17. (P)—President Von Hindenburg departed today for a short private visit in East Prussia. His family estates are there.

**HOOPER'S SON GRADUATED**  
In a group of 200 students who went forward in a body to receive B. A. degrees in economics was Allen Hoover, second son of Herbert Hoover, President of the United States, and Lou Henry Hoover. Young Hoover slipped away in the crowd immediately at the close of the ceremony. None of his family was present.

Allan Hoover's graduation makes every member of the President's family an alumnus, or alumna of the university. The President was graduated with the class of '95, Mrs. Hoover in '98, Herbert, Jr., in '25 and Mrs. Hoover, Jr., in '28.

Allan's uncle and aunt, Mr. and Mrs. Theodore Hoover, also are Stanford graduates, as are two of their children.

The theme of President Wilbur's address was a remark made by a Texas mother who came to enroll her son in Stanford.

"She told me she wanted her son to come here to get his sights elevated," related Dr. Wilbur. "Too often the child lines of advance in the game of life are marked only by the dollar sign, and the trophies of the game are mere physical luxuries. The heights are not elevated high enough."

**SCHOOL'S GROWTH TRACED**  
"The training we call education is to give more than the mere economic capacity to feed oneself and to raise up others to be fed. A woodpecker can do that. There must be development of our intellectual capacities and of our ethical and spiritual qualities and of our communal sense so that each human unit contributes something to the work of the team."

"Through public health measures, schools, parks, playgrounds, attractive flats and apartments that are real homes, suburban living and in other ways we must bring the privileges of the country home to the city child."

"We need to care, too, for our great national possessions, such as national parks and monuments and national forests, so that our increasing leisure coming from economic ease may find a wholesome use in physical and spiritual upbuilding. The government needs a heart as well as brains and muscles."

The growth of Stanford was traced by Dr. Wilbur, and he asserted it is approaching the time when the work of the university will be chiefly postgraduate, which will attract the scholars of the nation, who now go to Europe to complete their education.

The son and the daughter of Paul Shoup, president of the Southern Pacific Company, and a Stanford trustee, were among the graduates. John Lauritzen was president of the class and Miss Jane Plumb, vice-president.

**Boy of Seven Slays in Row**  
STERLING (Colo.) June 17. (P)—Peter Scheck, 7 years of age, is in custody of Juvenile Court while officers consider a charge that he shot to death Gilbert Jackson, 12, following an argument Sunday over a baseball game. A Colorado law provides that a child under 10 cannot be held guilty of a crime or misdemeanor, and County Judge Hinkley is considering what steps can be taken.

One version of the shooting received by Judge Hinkley is that the boys quarreled over a baseball game and that Peter went to his home, procured a gun and shot from the door of the house.

**Planes Dislodge Mexican Rebels**  
MEXICO CITY, June 17. (P)—A dispatch from Colima today reported a battle at El Borbolton, in the State of Colima last week, between Federal troops under Gen. Eulogio Ortiz and a band of "cristeros" who had entrenched themselves in the town.

Both sides suffered losses, but the number of casualties was not known. The cristeros finally were forced to flee from their trenches because of the heavy bombardment to which they were subjected from airplanes.

**Professor Dies on Trip Abroad**  
WINCHESTER, GLOUCESTERSHIRE (Eng.) June 17. (P)—Vernon Louis Parrington, professor of English literature in the University of Washington at Seattle, died suddenly here.

Prof. Parrington, his wife and their son, were touring the Cotswolds Hills. Mrs. Parrington left her husband at his typewriter shortly after noon yesterday while she went to lunch. When she returned she found him dead on his bed.

# In the life of Los Angeles — Yellow Cabs

## Visitors say,

"One of the finer cab services of the world"

To the visitor, Los Angeles is always a surprise. One expects to see in the clearest of atmospheres under a blue, blue sky and a radiant sun, a far-flung city of great activity and charm.

to our city, who know their Rome, their Paris, their London, their New York, frequently refer to the Yellow Cab Service of Los Angeles as "one of the finer cab services of the world."

But all of the realities are not to be anticipated! — the fascinating shops, the broad boulevards, the fine theatres, the great hotels, the aspiring public buildings, the crowds on the streets, the incredible number of automobiles, the memorable restaurants, the smartness and happiness of the people, the industrial activity, the miles and miles and miles of beautiful homes —

We of the Yellow Cab Company are proud of these expressions. They are testimony to the realization, in part at least, of the broad conception and high ideal of public service that have guided and are guiding us in the building of a Yellow Cab Service that is city-wide, standardized, supervised and dependable.

The "far-flung city" turns out to be a world metropolis of a newer and finer order. Here, certainly, one feels, is to be the starting place of new advances in American civilization.

Every cab in our service is a big, limousine-type, six-cylinder-motored, velour-upholstered Yellow Cab. The rates are low and uniform throughout the day and night. The drivers are well-trained, gentlemanly and loyal to our ideal of service. In short, we offer a cab service in keeping with the character of Los Angeles, — "a world metropolis of a newer and finer order."

And here, in keeping with the character of the metropolis, one finds a higher standard of cab service than in most great cities. Visitors

## AD CLUB MEET IN FULL SWING

Publicity Men at Oakland Start Business

Thirty Western Cities Send Convention Envoys

Angeleno Awarded Prize for Confidence Recipe

OAKLAND, June 17. (Exclusive) Delegates from advertising clubs in more than thirty western cities, as well as many business and industrial executives, swung today into the first business sessions of the twenty-sixth annual convention of Pacific Advertising Clubs. The convention was launched semi-officially yesterday with meetings at various churches and by participation in Flag Day exercises at Berkeley. Principal addresses today were delivered by Robert W. Lyons, executive secretary of the National Chain Store Association, who covered merchandising methods brought about by concentration of population in cities; George Eberhard of San Francisco, who spoke of the encroaching tendencies of drug, tobacco and hardware stores upon each other; and W. H. Mackie of Los Angeles, who won the three-minute speaking contest on "How can advertising clubs best increase confidence in advertising?" Mackie declared the interests of the space buyer, space seller and the purchasing public make the trinity of successful advertising and that "sincere protection of the interests of the purchasing public is

## CRAIL SETS NEW BILL RECORD

Representative Offers 200 in House at Special Session and Hangs Up Mark

WASHINGTON, June 17. (Exclusive)—To Representative Crail of Los Angeles goes the title of "champion bill introducer" of the present special session of Congress. Prior to his departure for home two or three weeks ago, Mr. Crail had cast into the House hopper 200 bills and resolutions, 165 being private pension and relief measures and forty-one public bills of varied character.

Attaches of the House bill room said today this far eclipses the efforts of any other members of Congress. There was no chance that any of the proposals would receive action at the special session, as committees were not organized to consider them.

Representative Evans of Glendale introduced forty-eight bills up to the time he left for his home.

\*\*\*\*\*

the key to the inner shrine of public faith and confidence. The time has come when advertising must become introspective and self-analytical. It must seek to determine the social and economic effect of the use of the marvelous technique which it has developed."

## HARRY SINCLAIR SUED ON STOCK

Profits of One-eighth Share Basis for Action

WASHINGTON, June 17. (AP)—H. Leslie Parker of Casper, Wyo., today filed suit against Harry F. Sinclair, millionaire oil magnate, seeking an accounting of all profits for a one-eighth share in the stock of the Mammoth Oil Company. Parker contends in his petition that Sinclair obtained leases to the Teapot Dome naval oil reserve on representation that he had entire title to all outstanding leases on oil claims adjacent to the reserve when, as a matter of fact, the plaintiff says he was entitled to one-eighth interest.

## Appeal Issued for Brent Fund

NEW YORK, June 17. (Exclusive) An appeal was issued today by a committee consisting of many noted friends of the late Bishop Charles Henry Brent for a memorial fund, the Bishop Brent Fund, to continue his educational work among the Moros of the Philippine Islands and his efforts for Christianity and international peace.

This committee includes Gen. John J. Pershing, Mrs. Nathaniel Bowditch Potter, Mrs. E. Henry Harriman, Dr. Samuel S. Drury, Hon. George Wharton Pepper, Mrs. C. Lorillard Spencer, Dr. Remsen B. Ogilby, president of Trinity College; William C. Rivera, Inspector-General, U.S.A.; Cane Dunn and Charles F. R. Ogilby. The headquarters is at 6 East Forty-first street, New York.

## BRIEF DELAYED FOR NORTHCOTT

Attorney Given New Day to File Contentions

SAN FRANCISCO, June 17. (Exclusive)—A. P. G. Steffes, attorney for Gordon Stewart Northcott, sentenced to be hanged for the murder of three boys on his chicken ranch near Riverside, was granted until July 15, next, to file his brief in Northcott's appeal case, by the State Supreme Court today. Steffes explained the delay in filing the brief was caused by a sprained ankle he sustained several weeks ago, and which has prevented him from preparing the necessary data. The case probably will be heard on the September calendar in Los Angeles.

## THE EVERGREEN PLAYGROUND

## TACOMA invites you to Rainier National Park

A GREATER glacial region than exists in all Switzerland! The most gorgeous gardens of Alpine flowers on this continent!

America's greatest mountain and glacier wonderland is at your very door when you are in Tacoma. From your hotel it is less than two hours over scenic highway to the entrance of this famous national domain.

Here is a vast vacation land in its own right—a region of primeval beauty and charm with its moving glaciers, ice caves, cool forest depths, glorious meadows and towering snow-capped mountains. You may enjoy all the sports of winter in mid-summer—skiing, tobogganing, coasting down vast snow-fields. You will find splendid camping and hotel facilities.

From Tacoma you may visit countless places of scenic interest. It is at once a tourist center and a city of in-

Great sport catching the gump salmon in the city limits of Tacoma. You can visit boats and fishing tackle.

## Distorted Evidence

No amount of statistical evidence, distorted in an effort to mislead the public, can disprove government figures showing the gain of Lucky Strike to be greater than the combined increase of all other cigarettes. The public will be served and this is proof, indeed, that regardless of price, you actually get more in Lucky Strike than any other cigarette can offer. Its perfect blend of fine tobaccos gives pure smoking delight. Its exclusive, secret toasting process guarantees the tobaccos free from irritants and impurities and, in the opinion of 20,679\* physicians, makes Lucky Strike less irritating than other cigarettes.

## FLORIDA VOICES CENSURE

White House Assailed for "Social Policy" That  
Permits Negro at Entertainment

TALLAHASSEE (Fla.) June 17. (AP)—The Florida House of Representa-  
tives today adopted by a vote of 71 to 13 a resolution condemning what  
the resolution termed "certain social policies of the administration in  
entertaining negroes in the White House on a parity with white ladies."

The resolution, before the vote, Anglo-Saxon race and set at naught  
the social fabric of the country that  
has for ages guarded and kept sa-  
cred the purity of our Anglo-Saxon  
blood which stands for the high-  
est type of Americanism.

It was introduced by Repre-  
sentative Way, Democrat, and was  
discussed for one hour and fifty  
minutes before the vote was taken.

The resolution calls on Glenn B.  
Skipper, Republican National Com-  
mitteeman from Florida, to "convey  
to the President of the United  
States the earnest protest of the  
House of Representatives and that  
he use his influence with the Pres-  
ident to the end that incidents  
hereinbefore alluded to be discon-  
tinued."

Representative Way, in introduc-  
ing the resolution, said "the State  
of Florida has been betrayed by  
such action."

Representative Day, one of the  
Republican members of the House,  
declared the resolution was in bad  
taste. Frequent references to Flor-  
ida having voted for Hoover were  
made in the course of the debate.

The resolution read:  
"Now, therefore, be it resolved by  
the House of Representatives of the  
State of Florida that certain social  
policies of the administration in  
entertaining negroes in the White  
House on a parity with white ladies  
were both shameful and disgraceful  
and if persisted in will destroy the

### PLEASE OFFERS RESOLUTION IN SENATE

WASHINGTON, June 17. (AP)—  
Senator Blease, Democrat, South  
Carolina, introduced a resolution to-  
day calling attention to the recent  
entertaining at the White House of  
the wife of Representative De-  
Priest, negro Republican from Illi-  
nois, but some of its language, espe-  
cially doggerel verse which it con-  
tained, aroused such opposition that  
Blease withdrew it.

The resolution asked that "the  
President and Mrs. Hoover be re-  
quested to remember that the house  
in which they are temporarily re-  
siding is the 'White House' and  
that Virginia, Texas, Florida, Ten-  
nessee and North Carolina con-  
tributed to their becoming its cus-  
todians."

Although the resolution was  
stricken from the record, it was  
ruled that it had been referred to  
the District of Columbia commit-  
tee for consideration.

The verse in the Blease resolution  
was pitched around the theme of  
"Niggers in the White House." It  
had a dozen verses all beginning  
with this expression, and at the end  
it embodied the plea for the request  
to be made on the President and  
Mrs. Hoover.

# BARKER BROS.

## The New Modern Damasks

The old and the new in fashion accord! The traditional elegance of damask with the  
line and spirit of modern art—this is the theme of the new drapery damasks. Not  
exotic, not bizarre, but rather subtle in color and design. In two-tone effects, in self-  
figured effects—many created by famous designers—smart, new!

50-inch modern damask, priced from \$5.75 to \$7.50

## These Fine Velours

No matter how inexpensive it may be, you are assured that the  
velour you choose at Barker Bros. has exceptional merit. Each  
piece is chosen for its quality—the colors in every price range are  
approved by Barker Bros. Fashion Committee—and, of course,  
velour is always correct, fashionable for California home interiors.  
Four interesting groups priced at

\$1.95 \$2.95 \$3.85 \$5.00

### These Colors Available at Each Price

LIGHT BLUE	DARK BLUE	LIGHT GREEN
DARK GREEN	DEEP RED	SPANISH RED
GOLD	HENNA	ROSE

## Summer Blankets

December blankets in July? It's very, very foolish for Barker  
Bros. have dozens of new, gay warmth-without-weight blankets  
especially designed for summer use, and very attractively priced.  
For instance: Note the two features shown.

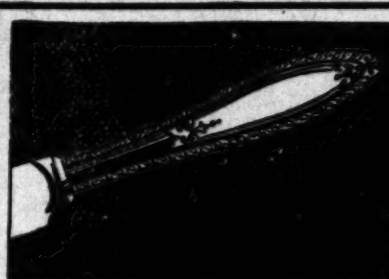

70x80  
Plaid Blankets  
\$5.95 pr.

Just right for summer  
nights—wool and cotton  
blankets—the type that  
wash easily, in gay plaid  
designs. Extra large, light  
and comfortable, and very  
reasonably priced.

Solid Color  
Blankets  
\$3.50

Single blankets in solid  
colors, are ideal as an ex-  
tra piece to throw over  
the bed on chilly nights.  
In colors to match the  
plaids above—only \$3.50  
each.

The Ultimate in  
Plated Silverware

Sir Galahad

Created by Reed & Barton, this  
exquisite pattern in fine silver plate  
is the choice of discriminating hos-  
tesses everywhere.

A fashionable choice, too, for one  
may follow the ensemble vogue by  
selecting a complete flatware ser-  
vice and hollow-ware in this same  
lovely design.

Teaspoons, \$7.50 doz.  
Salad Forks, \$15 doz.

First Floor

It's new, and very inexpensive

## Blue Glassware

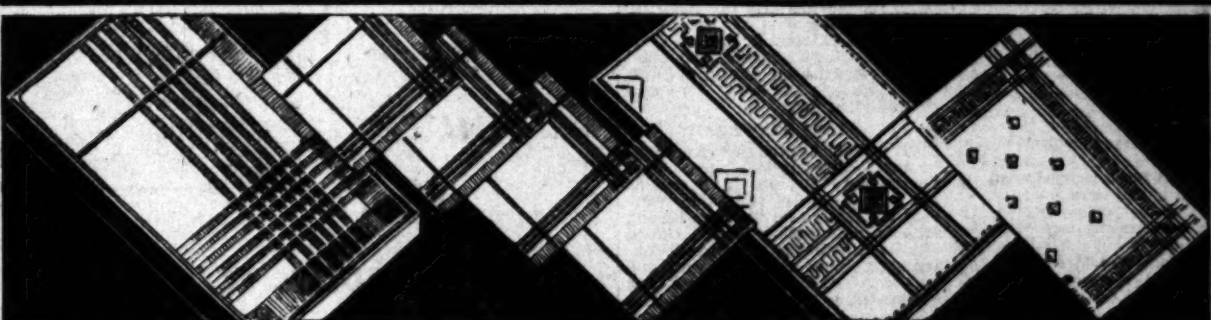

Quite the smartest things we've seen for summer tables—and so  
inexpensive that one is likely to choose an entire service. Larkspur  
blue glassware with striking crystal knobs on the stems.

Goblets, \$7.50 doz. Sherbets, \$7.50 doz.  
Iced Teas, \$7.00 doz. Oyster Cocktails, \$3.50 dz.

Glass Canape Sets, \$10.00 doz.

In rose, green, amber or blue glass—convenient canape sets that  
will be welcomed by hostesses. Small beverage glass and plate—  
Practical for fish cocktail service—set of 12 at \$10.

First Floor

## Home-makers find economies in these Notable June Linen Values

It's quite easy to be smart and thrifty at the same time—to have gay summer tables at  
small expense with such values as these for choosing. The two items shown are typ-  
ical of the many, many more at Barker Bros.

Linen Crash  
Breakfast Sets \$1.50

Spirited borders in gold, green, blue or pink—  
excellent quality linen crash—an outstanding  
value in breakfast sets. 44x44 cloth with 4  
matching napkins, only \$1.50.

Pure Linen  
Luncheon Sets \$5.00

Frivolous checked or striped borders—just the  
type of thing one chooses for summer tables!  
An excellent value, too, for 54x54 cloth and  
6 napkins are only \$5.00.

**FUNDS FOR FARM RELIEF RUSHED**  
Congress Votes \$151,500,000 for New Board  
President Busy Considering Eight to be Named  
Missouri Real Dirt Farmer Urged on President

WASHINGTON, June 17. (P)—Both the executive and legislative branches of the government fixed their attention today on carrying out the new law intended as a boon to the farmer.

President Hoover bustled himself on determination of the eight men he will choose to compose the Federal farm board, and Congress at the same time was appropriating \$151,500,000 for that board to use in its initial efforts toward making agriculture uniformly profitable.

The President recommended the appropriation early in the day, the House approved it with little debate and the Senate adopted the House resolution with no debate. Mr. Hoover doubtless will sign it soon, thus creating the first \$150,000,000 portfolio of the \$500,000,000 revolving fund authorized by the farm relief law. The remaining \$1,500,000 of the money appropriated is for expenses of the farm board.

**REAL DIRT FARMER**  
The list of potential nominees to the board grows daily, one addition made today being Sherman Houston of Kentucky and Carl Williams of Oklahoma, a n d Representative Palmer, of that State, described him to President Hoover as "a real dirt farmer." They said Mr. Hoover gave no indication of his intentions concerning the board's make-up.

Developments saw no lessening of the speculation on James C. Stone of Kentucky and Carl Williams of Oklahoma, as board members. They are being backed by various farm organizations.

There was not a dissenting voice in the House after Chairman Wood of the Appropriations Committee asked that the rules be suspended to make the appropriation. Several Democrats, including Representative Garner of Texas, the leader, said they favored giving the board the full \$500,000,000.

**HOOPER'S LETTER**  
Wood called attention to the letter of the President, in which he said that "the additional amounts which will be needed by the board cannot be determined except by the board itself, but as Congress might shortly recess I have thought it desirable that a preliminary sum should be provided."

"If the board finds it necessary to have further funds it should be possible to make provision for them in ample time as Congress will no doubt be in session by the time they are required," the letter added.

Under the Farm Relief Act, the money will be used by the board in making loans to co-operative marketing agencies and for setting up stabilization corporations to take from the market price-depressing surpluses.

Several of the Middle Western farmers have suggested that among the first actions of the board probably will be a move toward the stabilization of the wheat market.

**SUFFRAGE ALLIANCE MEETS**  
Chief of English Policewomen Declares American Crime Due to Too Much Sentimentality

BERLIN, June 17. (P)—Miss Mary Allen, commander-in-chief of the British policewomen, spoke and span in a natty dark uniform and shining boots, made short shrift of the American crime wave problem during today's sessions of the Women's International Suffrage Alliance.

"There is too much sentimentality aloft the flags of forty-three nationalities," she said decisively. "We march up the steps of the are afraid of this cry that youth must be free. Nonsense. No one has a right to be free at the expense of others. Shall we sacrifice the law-abiding majority for the freedom of the law-breaking minority? We must have order."

As a first step for the United States, Miss Allen suggested "get your policewomen into uniform. It's a deterrent."

After receiving a message of greeting from Mrs. Carrie Chapman Catt and calling her in reply, the day sessions heard reviews of progress in women's equality during the past twenty-five years.

Mrs. Catt's message, among other things, said: "The most we hoped twenty-five years ago was that somewhere, some day, women might vote. We never dreamed in twenty-five years the women of half the nations of the world would have the suffrage."

Many of the women present who had been in the suffrage fight since the beginning were deeply stirred by a symbolic ceremony in which, to the strains of martial music, a procession of white-clad girls holding

**DEATH OF EXETER GIRL MYSTIFIES**  
Stomach Analysis Taken When Autopsy Fails to Disclose Cause

EXETER, June 17.—Cause of the death of Miss Elizabeth Longly, 20 years of age, Saturday following an illness of one hour, may be determined tomorrow when an analysis of the stomach contents is received by Coroner Hadley from Fresno.

Funeral services for Miss Longly, daughter of Mr. and Mrs. R. B. Longly of this city, were conducted this afternoon from the local Baptist church.

An autopsy performed by Dr. R. C. Hill, who was called to attend her, failed to reveal any cause of death. An inquest will be conducted tomorrow afternoon.

About 3 p.m. Saturday Miss Longly had some soft drinks at a confectionery store in Visalia. She returned here about 4 o'clock and went to visit a patient in the Exeter Hospital where she complained of feeling ill, her stomach and head hurting her. She was rushed to the home of her parents and Dr. Hill summoned. She died about an hour later.

A native of Decatur, Tenn., Miss Longly came here about six years ago with her parents. She graduated from the local high school this month. A 4-year-old baby sister died about a year ago. She leaves her parents and one sister.

**Dixie Constable Facing Murder Trial for Shot**

BUCHANAN (Ga.) June 17. (P)—Constable Luke Ballenger of the Corinth district, five miles east of here, faced a charge of first degree murder today as a result of the killing Saturday night of Grady Phillips, young sawmill hand, in an automobile in which Phillips and three others were riding. Preliminary hearing is scheduled Thursday before Superior Court Judge Edwards.

Phillips, in the back seat of the car, was shot through the head and died in a Decatur hospital.

According to the constable, Phillips and his companions were noisy along the road and disturbing the neighborhood. The constable, in his automobile, attempted to halt them and when they failed to halt, he fired once, aiming at a tire. The shot hit Phillips.

**NEW SKY LINES PLANS ROUTES**  
Company Headed by McAdoo Maps Air Paths  
Los Angeles West Terminal for New Service  
Coast-to-Coast Flights in Two Days Expected

WASHINGTON, June 17. (Exclusive)—Southern Sky Lines, new air transport company which is headed by William Gibbs McAdoo, former Secretary of the Treasury, plans to develop five new aerial passenger routes during the next twelve months, including a transcontinental service between New York and Los Angeles via Washington, Atlanta and Fort Worth.

Details of the company's projects were made public today in a report submitted to McAdoo by James C. Edgerly, vice-president and operations manager. The new transcontinental service, will operate on a forty-eight-hour schedule, according to the report. Edgerly pointed out the southern route, while 185 miles longer, covers territory favored by milder weather and freedom from storms and high mountains, insuring the highest percentage of "on time" flights.

**Mrs. Hoover to Talk Over Radio**

WASHINGTON, June 17. (P)—A radio hookup of thirty stations will carry the voice of Mrs. Herbert Hoover over the country next Saturday night when she will address a meeting here of Four-H boys and girls' clubs from forty States.

Her talk is to begin about 10:30 p.m., eastern standard time. She was invited to speak by the Secretary of Agriculture, who announced Mrs. Hoover had consented because of her deep interest in youth.

**Deputy Held on Murder Charge**

NEWPORT (Ark.) June 17. (P)—Deputy Sheriff George Johnson was charged with first-degree murder today after the death of Glen Quay, 22 years of age, who last night was shot by the deputy when he fled as he was placed under arrest on a charge of intoxication.

Chief of Police Martin announced Johnson is in the Batesville jail for safekeeping.

**Monrovia Man Killed in North**

REDDING, June 17. (P)—The body of W. C. Munson, 60 years of age, Monrovia motorist, was found late last night in wreckage of his car at Meares Creek, fifty miles north of Redding, on the Pacific highway. He was traveling alone.

It is believed he became blinded by heavy rain and fog and missed a curve.

**WAR MOVEMENT LAID TO AUSTRIA**  
Secret Arms Preparations Charged at Geneva  
Supplies Hidden, League Report Declares  
Plans for Quick Army of Magnitude Feared

GENEVA, June 17. (P)—Strong charges that Austria is secretly arming in defiance of the terms of the peace treaty were contained today in the final report of the liquidation board in connection with the removal of military control. The report was annexed to an intimation from the president of the ambassadors' conference to the Council of the League of Nations that the board should now be dissolved.

The three delegates, English, French and Italian, who formed the board, expressed conviction that Austria has kept war material hidden during the investigations of the board and that this can be used to arm the many associations existing in that country.

They called attention to the danger that the now reduced army may be converted into a cadre or skeleton army which by enrollment of young men trained in these associations could, if desired, create an army of from 200,000 to 300,000 men. They asserted that the cadre character of the army continually is developing and that associations have been developed to an alarming extent during the past few months.

Secret co-operation between the German and Austrian army headquarters also was charged. This is said to have resulted in establishment of liaison by exchange of officers, adoption by the Austrian army of uniforms on the German model, a scheme for retraining Austrian and German army regulations for which official sanction already has been received and a desire at Vienna to re-establish a general staff on the German model.

Reference also was made to "the big clandestine traffic in arms, Vienna being the most active commercial center." Special supervision was recommended over seven specific factories of which the report said that it appears from information received that they already have obtained extra machinery and are "simply waiting for the departure of the board to begin war manufactures."

**Power of Talkie Censors to Have Test in Courts**

CHICAGO, June 17. (Exclusive)—A petition for a writ of mandamus to compel Chicago to permit showing of the first "talkie" to be banned by the police film censorship board was filed today in the Circuit Court by the United Artists Corporation. The action is brought against Mayor Thompson and Commissioner Russell to permit the showing of a picture titled "This Is Heaven."

The film was refused approval by the censorship board, headed by Mrs. Effie Sigel, because of spoken passages to which the censors objected.

**Border Closing Reprisal Hinted**

MEXICO CITY, June 17. (P)—Acting Secretary of the Interior Canales tonight told newspaper men that if the United States established earlier closing hours on the Lower California border reciprocal closing orders would be put into effect by Mexico. He did not explain his statement in any detail.

**"SPIRITUAL" SLAYER BELIEVED INSANE**

FRESNO, June 17. (P)—Psychiatrists were being called here by Dist. Atty. Glenn M. De Vore today to examine Grover Jensen, 37 years of age, who yesterday while following a "spiritual urge," shot and killed Hans Christian Hansen, 72, on the side porch of the Hansen home.

It was held doubtful here if Jensen would be brought to trial. It was believed that an insanity complaint would be signed against him and that he would be committed to a State institution.

**LAW PROFESSOR WEDS JUSTICE OF PEACE**

PALO ALTO, June 17. (Exclusive)—Mrs. Isabel Charles, justice of the peace, was married today to Prof. Eliot Jones of the department of economics at Stanford University. Mrs. Jones is the widow of the late Judge S. W. Charles, member of the Stanford law faculty, who was killed in an automobile accident in 1916. Prof. Jones is known as an authority on railway and trust problems.

## DAWES SPEAKS FOR PRESIDENT

Naval Reduction Advances  
Inspired by Hoover

Ambassador's Instructions on  
Subject Explicit

Statesmen Refuse Preview of  
Speeches Due Today

WASHINGTON, June 17. (AP)—Ambassador Dawes in his naval discussions with Prime Minister MacDonald advanced the American viewpoint outlined to him in instructions from President Hoover.

Secretary Stimson, who is absent from Washington, gave Mr. Dawes his final instructions during a series of conferences just previous to the Ambassador's sailing. During these conferences Mr. Stimson and Mr. Dawes also conferred several times with President Hoover and were in constant touch with the White House.

In the absence of Mr. Stimson, other officials of the State Department declined to comment on the conversations between the American Ambassador and the Prime Minister at Forres. They admitted, however, that Mr. Dawes' instructions, as were those of Ambassador Hugh G. Clifford before him, were of a "most explicit" nature.

While there is nothing definite in official or diplomatic circles regarding the Prime Minister's contemplated visit to the United States to confer directly with President Hoover, his assertion that the Japanese "most explicit" nature was considered in usually well-informed circles to be a "diplomatic answer."

It was remarked, however, that Mr. MacDonald may find his conversations with Ambassador Dawes to be sufficiently productive to eliminate the immediate necessity of a trip to America.

**STATESMEN REFUSE  
PREVIEW OF POLICY**

LONDON, June 17. (AP)—Neither Ambassador Dawes nor Prime Minister MacDonald today appeared disturbed by the situation which finds concentrated on them the attention of two nations and only slightly less so the interest of the whole world.

They quite strictly adhered to their statement that the real negotiations on the question of disarmament will be launched by dual speeches tomorrow night. Neither could be drawn into saying anything more to throw light on the future proceedings.

The disposition here is to wait for tomorrow's pronouncements to give the details on the line that the proposed negotiations will take. Japanese statesmen already have it known that their country is willing to co-operate, probably even to the extent of a conference, but the response of France and Italy is thought to be more doubtful.

It is expected that these two governments will wait for fuller information before committing themselves.

**JAPAN'S CO-OPERATION  
PLEDGED IN ADVANCE**

TOKIO, June 17. (AP)—Japan's co-operation in any disarmament program negotiations that Ambassador Dawes and Premier MacDonald may have begun yesterday at Forres was promised today by Tanaka, Premier, in a statement to the Associated Press.

The Premier said: "I cannot fail to be gratified at the report that Premier MacDonald and Gen. Dawes have begun an important conversation, which is to be regarded as beginning negotiations among the powers concerned for the reduction of naval armaments."

Japan will be quite ready to offer co-operation in such negotiations as she was always anxious to do her utmost to promote universal peace."

**One Bandit Slain  
and His Pal Shot;  
Hold-up Balked**

BUFFALO, June 17. (AP)—An unidentified man was shot to death, another was wounded and a third arrested today as police frustrated an attempt to hold up a girl cashier of a department store in South Buffalo.

Acting on information a police squad in charge of Detective Chief Revilla ambushed the bandits on Seneca street, just as they were about to accost Miss Dorothy Harris, 23 years of age, who was carrying about \$2000 from the J. A. Braun Department Store to the South Side branch of the Liberty Bank.

**ALASKA PACKERS GET  
LARGE TAXES REBATE**

WASHINGTON, June 17. (AP)—Credit of \$198,277 to the Alaska Packers' Association of San Francisco for overassessment of income and profit taxes in 1917 and 1918 was announced today by the Bureau of Internal Revenue. Overassessment, the bureau explained, was caused by increases in the reported invested capital of the company and by the allowance of a deduction representing an increase in the reported cost of goods sold and depreciation.

**EMBEZZLER GETS PROBATION**  
REDWOOD CITY, June 17. (AP)—On condition that approximately \$1500 be returned to the City Treasury of San Bruno, San Mateo county, Superior Judge Buck today granted two years' probation to Miss Nellie A. Willis, former San Bruno City Clerk, who pleaded guilty to embezzlement.

## YOUNGER BLOOD BAPTIST CHOICE

Denver Meeting Nominates  
Bostonian as Chief

Alton L. Miller, Layman,  
Only 39 Years of Age

Kansas City Man Chosen for  
Second in Rank

DENVER, June 17. (AP)—One of the youngest men ever chosen president of the northern Baptist convention, Alton L. Miller of Boston, 39 years of age, a layman, today was recommended for that post by the convention's nominating committee to succeed another layman, A. M. Harris, New York philanthropist. Nomination is considered tantamount to election.

Mr. Miller is a graduate of Harvard University, where he received a Doctor of Philosophy degree in mathematics. Before he went into the candy manufacturing business he was instructor at Harvard and at the University of Michigan.

**KANSAS CITY MAN SECOND**  
Rev. David Jones Evans of Kansas City was nominated for the vice-presidency of the convention. Both names, together with those of numerous others now serving on the mission and administrative boards, will be presented to the convention tomorrow for final action.

Wesley H. Root of Pennsylvania was nominated for the board of managers of the American Baptist Publication Society to succeed L. L. Root, resigned.

**GOVERNOR NAMED**  
Charles W. Tobey, Governor of New Hampshire, was among those nominated for membership on the executive board of the convention. Miss Edna Umstott of the Kansas State convention was nominated as a new member-at-large of the board of mission co-operation.

While most of the members of the Baptist boards and societies were re-nominated, the following new selections were made:

Rev. D. A. Pitt of Connecticut as first vice-president, and Smith O. Young, Michigan, as second vice-president of the American Baptist Foreign Mission Society; M. C. Burt, Connecticut, to fill a vacancy on the society's board of managers; Dr. Beaven and W. D. Chertsey, Pennsylvania, as members of the board of managers of the American Baptist Home Mission Society; Albert W. Field, Ohio, to fill a vacancy on the same board; Elvin L. Ruth, Pennsylvania, to succeed the late G. L. Estabrook as treasurer of the American Baptist Publication Society; Alvin L. Rogers and Wesley H. Root, both of Pennsylvania, as members of the Board of Publication Society.

**WOMEN CHOSEN**  
The following were nominated as new members of the board of managers of the Woman's Home Mission Society: Mrs. Frank E. Hale, New York; Mrs. H. Theodore Borg, New Jersey; Mrs. E. C. Link, Connecticut; and Mrs. John G. Goetz, New York.

Mrs. Leslie E. Swain of Rhode Island was nominated for a newly created office—that of assistant administrative vice-president of the Woman's Foreign Mission Society; and Mrs. A. W. Beaven of New York and Mrs. Alton Miller of Boston were named as new members-at-large of that society.

**Rolph Greets  
Press Visitors**

SAN FRANCISCO, June 17. (AP)—Twelve eminent journalists from Europe, who are touring the United States in the interest of international affairs, were welcomed today by Mayor Rolph. The Mayor also greeted a contingent of publishers and representatives from the newspapers of the Redwood Empire.

The tour of the European journalists is held under the auspices of the Carnegie Endowment for International Peace. They will leave Saturday for Portland.

## Steamships

**A Voyage that Ends All too Soon**

"Only 40 minutes to the beach!" Time really seems to fly that fast amid the delights of your voyage on these swift, luxurious LASSCO liners to the Isles of enchantment...

## HAWAII

THE CHARM of that popular southern route... the ocean riding quality of LASSCO liners... the comfort and the finest of personal service... the time that makes the hours pass with a speed you cannot imagine.

Every LASSCO liner in this service offers a wide choice of accommodations (from "minimist" to the most exclusive) each with its own special features. The "City of Honolulu" and "City of Los Angeles" have the highest quality of service among trans-Pacific ships, of staterooms with private en-suite bath. And for roominess and luxury of appearance they are unsurpassed.

By those who prefer an extra day at sea, the S.S. Columbia, the popular cabin liner on the Pacific, is preferred. The same wonderful meals and the same excellence of service on all LASSCO liners are famous.

**ALL-EXPENSE-TOURS**—3 to 5 weeks, or longer, from Los Angeles back to Los Angeles, including trip to Hawaii, from \$281, depending on length of tour, lower rates and conditions selected.

**Weekly Sailings**

## FRANCE FETES ITS AIR HEROES

Three Ocean Flyers Guests at Many Functions

Two Notable Affairs Given in Honor of Trio

"Imbecile" Stowaway Comes in for Criticism

PARIS, June 17. (AP) — The Three Musketeers of French aviation, Jean Asolant, Rene Le Ferre and Armand Lotti, Jr., got fairly started today on their rounds of receptions, welcomes and hero worshiping which is likely to prove more trying than their actual flight from Old Orchard, Me., to Comilla, Spain.

Pierre Etienne Flamin, former Minister of Aviation, was master of ceremonies at a reception to the aviators late this afternoon in the Aero Club of France. Norman Armour, American charge d'affaires, later greeted them at the American Embassy.

Both receptions were enlivened with champagne, wine and speeches. The American stowaway, Arthur Schreiber of Portland, Me., who was present at both functions, was ignored by the official welcome.

**MEDALS FOR FLYERS**  
M. Flamin's speech dwelt on the fact that just at the time when many people were despairing of French aviation and criticizing both its material and its men, three French boys accomplished this great feat, which has been equaled and surpassed only by Lindbergh.

Joan Asolant, pilot of the Yellow Bird, will receive the gold medal of the French Aero Club, and the silver medal of the club will be bestowed on Rene Le Ferre, the navigator.

Mr. Armour greeted the flyers at the American Embassy. He eulogized Asolant as a wonderful pilot, Le Ferre as a splendid navigator, and Lotti as a man animated with the spirit of progress in aviation. Mr. Armour made no reference to Schreiber.

Lotti replied briefly in the name of his comrades. The flyers then departed for Le Bourget Flying Field to inspect their Bernard monoplanes. Schreiber did not accompany them.

**CALLED "IMBECILE"**  
Schreiber, who was treated more than leniently in the French press yesterday, came in for some criticism this evening. The newspapers passed him off as a joke in the enthusiasm of the welcome to the French aviators, but the word "imbecile" was the epithet most frequently applied to Schreiber to-night.

The three aviators will be received officially at the Paris Hotel de Ville Thursday by Georges Le Marchand, President of the Paris Municipal Council, and the entire city government.

M. Laurent Eynac, Air Minister, today decided to recommend Asolant and Le Ferre to the President of the Republic for the decoration of Chevalier of the Legion of Honor. Asked about a report that the flyers had decided to ship Schreiber back to the United States in care of the American Embassy, Lotti replied: "The young man is our guest. He is free to enjoy the sights of Paris for a few days."

**STORM RUINS MAGAZINE**  
OGDEN (Utah) June 17. (AP) — Thirty of the thirty-five magazines at the Ogden arsenal were ruined by a windstorm yesterday. The loss may amount to \$750,000. Sgt. Joseph Zane, in charge, said today.

## "HOLLYWOOD DIET" WINS

New York Faddists Start Grapefruit Regimen, and Everybody's Doing It Now

NEW YORK, June 16. (AP) — New York women have "gone grapefruit." While doctors scold and fashion writers insist that curves are coming back, the ladies of Manhattan—actresses, stenographers, debutantes and wives—are signing and dining on grapefruit and olives, grapefruit and tomatoes, grapefruit and eggs, grapefruit and cucumbers, grapefruit and grapefruit.

It's called "the Hollywood diet," and it's an eighteen-day endurance test in which the victim is supposed to lose a pound a day. If it happens to agree with her, and she gains on it, that's just too bad. At the end of eighteen days, presumably looking about for dressmakers to take reefs in all her frocks, she is directed to go back to a normal diet for at least a month. Then more dressmakers can let out those reefs.

Stories surrounding the origins of the Hollywood diet are legion. The most popularly accepted belief

## INSURANCE PLOT SLAYER GUILTY

Killer of Roommate Must Die in Electric Chair

MACON (Ga.) June 17. (AP) — Earl Manchester, 19-year-old slayer of James Parks, his room-mate, in an "insurance murder plot," was convicted tonight of murder and the jury made no recommendation, which automatically fixes the penalty at death in the electric chair. The trial lasted one day.

Manchester entered no plea at the opening of his trial. A signed confession read into the record said Manchester killed Parks, his room-mate, May 27, last, on a promise from Mrs. J. C. Powers, 71 years of age, rooming-house keeper, that she would give him \$1000 of a \$14,000 insurance policy on Parks' life.

## Rebel Leader's Band Dwindles

Los Angeles Concern Given \$118,000 Rebate

WASHINGTON, June 17. (Exclusive) — The Bureau of Internal Revenue today announced that the Globe Grain and Milling Company of Los Angeles had been allowed a credit of \$64,841 and refund of \$5159 on its 1918 taxes, and a refund of \$112,996 on its taxes for 1919. The credit and refunds were based on overassessments.

Two other California companies likewise came out victorious in tax protests in decisions today. The Sunnyside Raisin Growers of Fresno, successor to the defunct Associated Raisin Company, was awarded refunds of \$19,624 and \$26,503 for the years 1921 and 1922, respectively. Credits of \$144,381 and \$54,446 were given the Alaska Packers' Association of San Francisco for the years 1917 and 1919.

## TAX REFUND TO GLOBE MILLS

Los Angeles Concern Given \$118,000 Rebate

WASHINGTON, June 17. (Exclusive) — The Bureau of Internal Revenue today announced that the Globe Grain and Milling Company of Los Angeles had been allowed a credit of \$64,841 and refund of \$5159 on its 1918 taxes, and a refund of \$112,996 on its taxes for 1919. The credit and refunds were based on overassessments.

Two other California companies likewise came out victorious in tax protests in decisions today. The Sunnyside Raisin Growers of Fresno, successor to the defunct Associated Raisin Company, was awarded refunds of \$19,624 and \$26,503 for the years 1921 and 1922, respectively. Credits of \$144,381 and \$54,446 were given the Alaska Packers' Association of San Francisco for the years 1917 and 1919.

## KANSANS AWAIT TALLEY RETURN

Thomas County Plans Gala Welcome for Marion

Recent Surprise Visit to Buy Farm Still Chief Topic

Those Who Know Declare She Got Real Bargain

COLEBY (Kan.) June 17. (Exclusive)—Thomas county—in fact, most of Northwestern Kansas—is all set for a gala celebration and welcome when Marion Talley, young Kansas City opera singer, arrives to take charge of her 970-acre farm.

Her additional purchases last week of a half-section gives her a tract a mile wide by one and one-half miles long.

The folk in Coleby are waiting to hear whether Miss Talley means what she said about building a home on the new farm, raising live stock and riding saddle horses across the prairie.

So far as Coleby is concerned, the recent surprise visit by Miss Talley to this little city may be compared with a fairy story or an incident in the films, such as Coleby sees at its own cozy Lyric Theater.

"Marion Talley! Marion Talley! here in Coleby! Well, for goodness sake, what will happen next?" so the comment goes.

There are a few who actually shook hands with the young woman when she came here to buy her farm, and that distinction gives the handshaker full precedence over others around the movie screen and the stage.

There are those who saw Miss Talley—yes, she—actually saw her. They can tell exactly what the prima donna wore that day when she was in Coleby.

One swears Miss Talley wore a red dress. Another will take a mighty oath that she wore brown. However, the controversy for red and black seems to be in the majority.

The reason for the Talley visit assuming great proportions, such as those taken by figures in a dream, is a simple one. The young singer was ushered in and out of Northwestern Kansas May 31, last, with secrecy and stealth. The purpose was to furnish a glimpse of the landowners or land agents to bulge the price merely because Miss Talley was out shopping for a farm.

The plan of secret operations, engineered by E. E. Morris, treasurer of the Fidelity Savings Trust Company of Kansas City, who also is Miss Talley's financial adviser, was entirely successful.

FARM HELD BARGAIN

Everyone here who knows land values, and who knows the land bought by Miss Talley, asserts the singer acquired a good farm. The secrecy surrounding the deal continues to conceal the purchase price.

There are many who "guess" Miss Talley paid about \$50 or \$55 an acre, perhaps a little more. Those who know the actual figure make no further comment than "she got a real bargain."

An account of the Talley shopping expedition for a section of wheat land is given by Sam Alexander, cashier of the Farmers' and Merchants' State Bank of Coleby, who is a land owner.

Mr. Alexander said he received word from his friend, Mr. Morris, some time ago that the Kansas City banker had "bought" a farm. He desired to buy a farm in Northwestern Kansas. There was no mention of Miss Talley.

Mr. Morris telephoned his Coleby friend to meet him at Scott City, Kan., eighty miles from Coleby.

"Well, sir, it was a funny thing," Mr. Alexander said, "by golly! You could have bowed me over with a toothpick when Ed Morris stepped off the Pullman with Miss Talley, her mother and father, and her sister Florence."

Mr. Alexander said he introduced me to Miss Talley and her family. She certainly is a pretty young woman, and just as demure as possibly could be. Why, she didn't try to "high-tail" me at all. Of course, I'm just a country banker and all that. But the whole Talley family just treated me as if I was one of them.

The party began a tour of the farms Mr. Alexander had inspected. Miss Talley must have a spade to make the soil tests herself. Mr. Alexander said:

"And, by golly, Miss Talley used that spade herself," the land man said. She wore a pair of brown boots about ankle high. She used that spade and made some bright comments about the soil. I tell you, that girl is a wonder! Just as sharp as any man would be in her questions about farms."

PURCHASE DECISION

"When we went to the section of land which she later bought she made up her mind right then and there that she would buy that farm. Of course, Mr. Morris pointed out that the farm was level and highly and of good soil. But Miss Talley saw all that herself. She figured out just what her share of this year's crop would be and talked about the income as well as the profit that could be made later if she decided to sell. She had pen and paper and figured it all out."

The land purchased by Miss Talley lies about twelve miles northwest of Coleby. The nearest town is Levant, Kan., about four miles away, between Coleby and the farm. If Miss Talley lives on the farm she will get mail from Levant, comprising a bank, a general store, a grain elevator and an intriguing garage mechanic, Zip Byers. Clarence Forsythe, postmaster, allows that "by thunder" he is ready to show Miss Talley some real postal service.

Let's not lose sight of Zip Byers, silver surgeon to all farmers for miles around. He can fix silver for all ages and varieties. Zip is tall and rangy. He will fix Miss Talley's car. He'll try hard to do the work right, Zip will.

"Gosh, I don't know how I do it," he says. "I just light in and clean up the work. Some days I have right smart to do, and then I just pitch in and don't pay any mind to anything else. That's what I was doing the day she bought that place. So I didn't get in on it."

"Did you boys celebrate any when

## HE COULD JUST DYE DANCING

"Bagtime Blues" Strike in on Milwaukee Youth While Hoisting It

MILWAUKEE, June 17. (P)—Dan Wiedkind, 17 years of age, went to a downtown dance hall Sunday and danced until he literally was "blue in the face."

When informed by his companion that he was turning blue, Wiedkind went to the Emergency Hospital, where his case perplexed physicians until he disclosed that his shoes had been dyed. Antidote poisoning, physicians said, accounted for his change of color.

\*\*\*\*\*

You learned you were going to have a famous opera singer as a neighbor?

"Aw, no! Some of 'em got drunk, but o' course they'd do that, anyway, so I guess that didn't make much difference."

NEAREST NEIGHBOR

Miss Talley's nearest neighbor will be about one mile away. And after that, the farm is right in the middle of miles and miles of solitude. It is a part of a vast ocean of wheat whose waves roll in the wake of winds.

The Talley crop this year will be from 400 acres of wheat, eighty acres of barley and forty acres of corn. Miss Talley will receive one-third of this crop under the terms of her lease. If wheat brings \$1 a bushel and her yield averages fifteen bushels to the acre she will get \$5 an acre from the 400 acres of wheat. Mr. Alexander said she might obtain a better average around twenty bushels an acre. And other landowners agree that the crop prospects in this section are good. The doubt is all in the price this year.

\*\*\*\*\*

WHOLESALE PRICE DROP CONTINUES

Value of Dollar Increased 1 Per Cent During May, Labor Bureau Reports

WASHINGTON, June 17. (P)—The Bureau of Labor Statistics announced today that the rising value of the dollar with downward trend of wholesale prices continued through May, the latter declining 1 per cent from the April level.

The weighted index of wholesale prices for May stood at 95.6, compared with 96.4 for April, and 96.8 for May, 1933. On the basis of these figures the bureau placed the purchasing power of the dollar last month at 104.4, compared with 100 in May, 1933.

Farm products, notably the grains, meat animals, cotton, hay and wool, continued to lead the decline, but of these commodities considered, only eighty-two showed increases, while 178 decreased and 290 were unchanged.

\*\*\*\*\*

THREE SLAIN BY HAMMER MURDERER

Mother and Two Children Michigan Case Victims; Other Child Near Death

DETROIT, June 17. (P)—A mother and her two children were found dead at their River Rouge home today, their bodies crushed by a hammer, and a third child, similarly attacked, is near death, tonight.

The body of the mother, Mrs. Anna Chebniak, was discovered near her home about noon by a neighbor boy. The three children, Pauline, 2 years of age, Margaret, 5, and Josephine 10, were found inside the house. Josephine was the only one alive.

Police have started search for the slain woman's husband, Paul Chebniak, who left for Cleveland about three months ago.

\*\*\*\*\*

Governor Signs Fund Bill for Water Program

SACRAMENTO, June 17. (P)—Gov. Young today signed Assemblyman Van Bernard's bill appropriating \$300,000 for conducting the "most complete and constructive program for developing a State's water resources ever conceived," he declared, by providing legislative, Federal and departmental co-operation in preparation of water resource development plans.

\*\*\*\*\*

S. F. Kingston, Producer, Dies

NEW YORK, June 17. (P)—Samuel F. Kingston, for thirty years associated with Fox Film, the theatrical producer, and a producer in his own right, died of meningitis tonight at Presbyterian Hospital. He had been ill three weeks. He was about 62 years of age.

Born in Ireland, he was graduated from Trinity College, Dublin, and came to America as a young man, settling in Chicago, where for a time he was dramatic critic and city editor of the old Chicago Mail.

He leaves his widow, the former Ethel Von Saggren of San Francisco.

\*\*\*\*\*

Harbor Bonds Bill Approved

SACRAMENTO, June 17. (P)—Executive approval today was stamped on a bill by Senators Maloney of San Francisco, Boggs of Stockton, and Hunter of Sacramento, which provides a \$10,000,000 revenue bond issue for the improvement and extension of San Francisco Harbor.

## DRUG RING HINT IN CO-ED DEATH

Ohio Police Undertake New Inquiry in Slaying

Code Notes and Other Clues Give Rise to Theory

University Officials Dismiss Professor Suspect

COLUMBUS (O.) June 17. (Exclusive)—Evidence of a narcotic ring at the Ohio State University are believed to have been unearthed today with the investigation into the murder of Theora K. Hix, 25-year-old second-year medical student, who was found slain in a field near Columbus last Friday.

Bottles of ether, queer medical capsules and code messages were found in the locker of Dr. James H. Snook at the Scioto Country Club when detectives searched his locker for evidence in the murder. Similar messages were discovered in a safe deposit box rented by the slain girl in a local bank.

It is a theory of police that the girl may have been the business manager of the ring, for at one time, according to officials of one bank, she had a balance of more than \$2000.

At another bank deposits of more than \$600 had been made since the first of the year, and at still another \$1800 had been deposited from June 1, 1932, up until April 30, 1933. This sum was withdrawn in August, 1933.

Loan accounts for small sums had been opened at two building and loan companies, police reported. Miss Hix also had advised herself of the student loan fund at Ohio State University for small amounts, it was revealed.

\*\*\*\*\*

DRUG INQUIRY ORDERED

Police have ordered an investigation into the university dope-ringing angle. They want to find out if Snook and Marion T. Meyers, also held in connection with the murder, were involved in the deals. That the two men and the dead woman were intimately involved in some business transactions has been definitely established, according to the police, for Snook testified he had sent Meyers to Pittsburgh to meet Miss Hix, more than two years ago, to adjust some money matters. Snook said Miss Hix had written him from New York, asking him to meet her in Pittsburgh, and that at the time he was unable to make the trip but did send Meyers.

Parents of Miss Hix, Mr. and Mrs. Melvin Hix of Bradenton, Fla., who arrived in Columbus Sunday, said they had sent her \$600 a year for living expenses.

The keys to Miss Hix's safe deposit box, along with the keys to her apartment and a key to her asserted "love nest" in a near-by university apartment-house, along with several automobile keys, were found today strewn over the ground where the slain girl's body was discovered by two small boys.

\*\*\*\*\*

PROFESSOR OUSTED

University officials at the same time ousted Dr. Snook, a professor in the college of veterinary medicine, from the faculty.

The connection of Dr. Snook as a professor in the college hereby is terminated in view of his moral delinquency," a bulletin issued by George W. Rightmire, president of the university, said today.

At the same time, according to Rightmire, a general investigation of associations of faculty members with young women, employed and studying on the campus, will be inaugurated.

Both Dr. Snook and Meyers were questioned during the day and both denied knowledge of the murder, although both admitted their intimate relations with the slain girl.

The two men still are being held by city and county authorities, although no specific charges have been placed against either.

Meyers was grilled throughout the afternoon by detectives and while he "loosened up" in his testimony, according to the police, he failed to divulge anything of importance except that he kept saying "I'm afraid of Snook."

\*\*\*\*\*

Southern Cross to Hop Thursday

SYDNEY, June 17. (Exclusive)—Capt. Charles Kingsford-Smith and Pilot Charles Ulm have announced that, provided they have favorable weather, they propose to recommence the flight of the Southern Cross for England Thursday, making Derby the starting point from Australia, instead of Wyndham.

The machine, which made the special flight from California to Australia, has been thoroughly overhauled, re-equipped and tested since the recent unsuccessful London flight attempt. The staff will consist of Capt. Kingsford-Smith and Pilot Ulm, Australians.

\*\*\*\*\*

Brand Whitlock Awarded Cross

CANNES (France) June 17. (P)—The French government, taking official cognizance of the relief work done by Brand Whitlock in Northern France during the war, has bestowed upon him the Cross of Grand Officer of the Legion of Honor.

The Prefect of the Alpes Maritimes Department, representing Foreign Minister Briand, called upon Mr. Whitlock at his hotel in Cannes yesterday and decorated him with one of the highest distinctions the French government can bestow upon a foreigner.

\*\*\*\*\*

GERMAN PATENT SUIT DISMISSED IN OHIO

TOLEDO, June 17. (P)—The petition of the European Verbena Fashion Fabrics of Germany seeking damages amounting to millions of dollars from Toledo glass interests, was dismissed in Federal court today by Judge Hahn in one of the country's outstanding patent cases.

The German company filed suit in 1928, contending that American concerns had violated an agreement which gave the German company exclusive patent rights in certain foreign trade territories.

## SAMSON FINDS COMPANY

Rancher's Pompadour Gets Caught in Water Pump and Only Pocket Knife Prevents Scalping

FRUITVALE, June 17.—W. E. Syrett, rancher, was injured Saturday evening in one of the most unusual accidents on record at Bakersfield Emergency Hospital, where he was taken for treatment. According to hospital attendants, Syrett was cutting a water pump when his hair, which he wears long and combed pompadour style, caught in the gears of the pump, and he was dragged into and imprisoned against the grinding cog.

The man's hair did not break and continued to wind about the shaft, until he cut himself loose with a pocket knife. At the hospital it was reported that he was badly scalped and that he suffered a four-inch cut on his head, inflicted by the knife with which he slashed his hair to liberate himself. Although badly hurt, his condition is not critical, it was reported.

\*\*\*\*\*

LEISHMAN HEIRS LOSE IN GERMANY

Children of American Girl, Who Wed Duke of Croy, Ruled Out of Estates

BERLIN, June 17. (Exclusive)—The children of the American-born wife of a German nobleman are "second class" citizens, incapable of inheriting titles or estates, the German Supreme Court has decided in the case of the Croy estates.

Carl, Duke of Croy, which is a German princely house, formerly sovereign, in 1913 married Nancy Louise, daughter of John G. A. Leishman, former American Ambassador to Germany. The marriage ended in a divorce after the war. There are three children, a 15-year-old boy, Charles, the heir apparent, and two girls.

The boy's uncle, Engelbert, brought action for a declaration of the estate on the ground that his brother, Carl, married an American commoner whose children are legally incapable of inheriting. The court today upheld this contention.

\*\*\*\*\*

Court Classes Bonus as Gift

SAN FRANCISCO, June 17. (P)—A bonus is a gift and not a commission, the United States Circuit Court of Appeals ruled today in holding that John H. Rosseter, former president of the Sperry Flour Company, San Francisco, will not be required to pay taxes on a \$50,000 bonus he received when he retired from the office in 1920 after serving ten years.

The court upheld a decision of the Board of Tax Appeals, which also ruled the bonus a gift. David H. Blair, Commissioner of Internal Revenue, contested the decision.

\*\*\*\*\*

NEALE-RAINBOW SIGN WILL BRING CUSTOMERS RIGHT THROUGH YOUR BUSINESS

“—Hasten Your Success”

Put a Neale-Rainbow Sign to Work For You Immediately

## RENO JUDGE FREES ARMY MAN'S WIFE

Gen. MacArthur, World War Commander, Divorced for Failure to Provide

RENO (Nev.) June 17. (P)—Henrietta Louise MacArthur, one of the most prominent figures in Washington society, obtained a divorce today from Maj.-Gen. Douglas MacArthur, commander of American forces in the Philippines and commander of the Rainbow Division during the World War.

Although the complaint charged failure to provide, and Mrs. MacArthur's testimony had only to do with that allegation, after she left the court room she said:

"Gen. MacArthur and I divorced because we were wholly incompatible to each other. I have the greatest respect and admiration for him and we part as friends."

The MacArthurs were married at Palm Beach, Fla., February 14, 1922. Gen. MacArthur is now in the Philippines, it is understood, his power of attorney coming from Manila. He is a son of Lieut.-Gen. Arthur MacArthur, and wears the D.S.M. and D.S.C. and many foreign decorations.

\*\*\*\*\*

Lieut.-Gov. Nolan Wins Minnesota Congress Race

MINNEAPOLIS, June 17. (P)—Lieut.-Gov. W. I. Nolan, Republican, was elected Representative in Congress from the Fifth Minnesota District at a special election here today to succeed Walter Newton, who resigned to become a secretary to President Hoover.

Virtually complete unofficial returns gave Nolan 23,146 votes; Elmer Holdale, Democrat, 19,613, while Ernest Lundeen, Farmer-Labor candidate, and a former Congressman when he was a Republican, trailed with 8,888 votes.

Nolan's campaign plea was for a strong Republican showing to indicate confidence in the farm program of President Hoover. Holdale made farm relief the principal issue in his campaign, and received the open support of many Farmer-Labor party leaders who repudiated Lundeen.

\*\*\*\*\*

SCHOOL NEEDS ESTIMATED

BAKERSFIELD, June 17.—Budgets prepared by the ninety-five school districts of Kern county are expected to total \$2,000,000 for 1933-1934. All budgets must be filed on or before Thursday.

## VENGEANCE MURDERER BRANDED IN AUSTRALIA

SYDNEY (Australia) June 17. (Exclusive)—A native murder story illustrating strange tribal customs has been reported from Broome, West Australia. The murder followed another aborigine's death from what the tribe called "pourri-pourri," described in the police report as a "phrenomagnetic influence which strikes such fear into the native that he lies down and dies."

A young native named Samson murdered another native called Lud-

bl. The trouble was caused by the fact that the young woman promised at birth to Ludbl preferred Paddy, another tribesman, who died. The tribesmen agreed that the cause of his death was the hypnotic influence of "pourri-pourri." Samson was obliged to make some atonement, as he admitted he had avenged the victim of "pourri-pourri" by murdering Ludbl. With other tribesmen, Samson visited the camp of Ludbl's natives, one of whom inflicted a wound on Samson's knee. Native custom was thus satisfied.

Court upheld their conviction and sentence.

Randolph also was fined \$500 on conviction. Harry Kessner, a third defendant, was sentenced to five

years in prison. Simon is a fugitive. Hundreds of women investors were victimized, it was charged, the company trading them worthless stocks for sound ones.

## BRITISH COLONY TO GET WATER

Chinese Charter Boats to Supply Hongkong

SHANGHAI, June 17. (Exclusive) Chinese authorities in the Wang-moon section of Canton have come to the rescue of the British colony of Hongkong and agreed to supply 3,000,000 gallons of water daily, which is considered sufficient to relieve the Hongkong water famine which has produced a critical situation in the last fortnight. The Hongkong colony has chartered a fleet of seventy lighters equipped with tanks to transport the water supply at an estimated cost of \$100,000 monthly.

## PROGRAM BEGUN TO AVERT FIRES

Conference Will be Held in Los Angeles July 2

SAN FRANCISCO, June 17. (Exclusive)—Steps for the formulation of a forest fire-prevention program of State-wide effect will be discussed at a meeting in Los Angeles July 2. This course was decided upon here today at a preliminary conference of Federal, State and county officials under the auspices of the California State Automobile Association and the Automobile Club of Southern California. The conferees today considered pending Congressional legislation providing appropriations for fire prevention in forest areas.

# to New York by rail Return via Havana and Panama

on a palatial Round the World Liner  
—special low roundtrip fare

Your trip East this summer may include the delightful cruise through the Panama Canal at a very little added expense.

\$350 includes the railroad fare from your home city to New York by any direct route and the return voyage to Los Angeles via Havana and Panama, then back to your city. Your meals and First Class accommodations aboard ship are included.

You sail from New York on a magnificent President Liner, one of the Round the World Liners of the Dollar Steamship Line. You have a day at Havana, from noon to midnight. You go through the Panama Canal dur-

ing the daylight hours with a chance to visit Balboa and Panama City.

You enjoy the company of a select group of travelers, many of whom are just starting and others finishing the trip Round the World.

Your President Liner is luxurious and comfortable. The rate includes the comfort of a fine, outside, upper deck stateroom, equipped with beds, not berths. Spacious decks. A swimming pool. Beautifully appointed public rooms. A cuisine world famous.

The special low fare is effective until November 30, 1929.

## TONE ON METAL MARKET STRONG

Buying Improves But Prices Rule Unchanged

Statistical Position of Zinc More Favorable

Increase in Foreign Buying Stiffens Copper

BY CHARLES F. WILLIS

Editor The Mining Journal, Phoenix

While there has been a better metal market during the past week there have been no price changes. Copper remains stronger at 17.87 than it has been, due to increased foreign demand. Lead stays at 7.00 f.o.b. New York and zinc at 6.00 f.o.b. St. Louis.

Despite the market price for zinc, a number of the prominent zinc smelters are religiously holding out for 6.80, but this has apparently caused no great concern among the buyers. The time is approaching when the buyers will have to meet the smelter price or vice versa, and it is rumored that the smelters will probably have to give, as they are in more urgent need of orders on their books than the buyers are for metal.

On the other hand, buyers entering the zinc market for any considerable tonnage would have considerable difficulty in finding it unless they went to the smelters who are holding out for the 6.80 price. The zinc producers are determined to hold the price and would rather accumulate stocks than make concessions.

**ZINC DATA FAVORABLE**

Zinc statistics for the month of May made a favorable showing. Stocks in the hands of producers at the close of the month amounted to 33,838 tons, or 703 tons less than at the end of April. According to the current rate of shipments, stocks are less than three weeks' reserve. The slab zinc output in May came to 56,953 tons, representing an increase of 2395 tons over the preceding month, but the shipments exceeded production. During May combined domestic and foreign shipments were 57,730 tons, as compared with 53,677 tons in April. Of the May total, 56,814 tons went to domestic consumers and 1106 tons were exported. These figures com-

pared with 56,588 tons and 1469 tons, respectively, in April.

Of considerable interest market-wise is the fact that unfilled orders on producers' books at the end of May amounted to only 35,773 tons, or 7558 tons less than at the end of April. Some of this business extends into September, and since consumers take between 57,000 and 58,000 tons per month, it is evident that they are by no means well covered on their forward needs.

During May there was little change in report operations, the average number operating for the month being 73,456, as against 73,289 in April. At the end of May 73,231 reports were in operation.

**COPPER DEMAND BETTER**

While copper demand is better, it is stated that the custom smelters are as yet the only smelters participating. The larger producers have not yet entered the market and the activity of the market is due to the fact that the orders are somewhat beyond the ability of the custom smelters to fill. It is expected, however, that the large producers will be back into the market again shortly.

There has been no evidence of any rush on the market by the buyers of copper. They seem convinced that they are going to be able to get whatever metal they need when they want it at no material increase over the present price.

While the present buying activity covers some domestic demand, the bulk of it is foreign.

Germany, France and England are again in the market as purchasers of copper in sizeable quantities after being virtually out of the market for some time.

The agreement on reparations was the untangling feature that had kept them away when the metal was badly needed. Now that this is out of the way it is anticipated that Europe will again be buying in good quantity.

It is known that these countries are very short of metal and need early delivery, which will largely have to come out of surplus stock, as normal refined production other than the custom product is largely sold through June and July.

There has probably been no time in the past several years when Europe has been as badly underbought in copper as it was just previous to the settlement of reparations. It was estimated by a competent observer that they needed 35,000 tons for June delivery, 45,000 tons for July and 60,000 tons for August. It is not expected that their orders will be concentrated but will be well spread out over the whole period.

**SURPLUS STOCKS INCREASE**

The slow copper market was reflected into the May statistics very forcibly, bringing the surplus stocks up from 57,464 tons at the beginning of the month to 70,412 tons at the end of the month. This is the largest surplus stock in many months, though it is not more than half a month's supply. The reason for the May curtailment of production is now evident.

The refineries did not slow up, as is evidenced by the production of refined products totaling 161,784 tons in May, as against 161,288 tons in April, thus showing the inter-

## FISHER'S WEEKLY INDEX

(Copyright, 1929, by Irving Fisher.)

The following table shows the average movement from week to week: (1) of the wholesale prices of 200 representative commodities (from Dun's Review), and (2) of the purchasing power of the dollar.

Date	Index Number	Purchasing Power of Dollar (1926=100)
1920-May	163.3	- 9.6
1922-January	91.2	- 0.6
1923-Average	100.6	- 1.5
1924-Average	98.1	- 3.4
1925-Average	100.0	- 3.5
1926-Average	98.6	- 1.8
1927-Average	98.2	- 2.4
1928-Average	97.7	- 2.5
1929-January average	98.3	- 1.8
February average	97.1	- 3.0
March average	96.9	- 3.5
April average	96.6	- 3.5
May average	96.6	- 3.5
Week ended June 14	96.6	- 3.5

pare with 56,588 tons and 1469 tons, respectively, in April.

Of considerable interest market-wise is the fact that unfilled orders on producers' books at the end of May amounted to only 35,773 tons, or 7558 tons less than at the end of April. Some of this business extends into September, and since consumers take between 57,000 and 58,000 tons per month, it is evident that they are by no means well covered on their forward needs.

During May there was little change in report operations, the average number operating for the month being 73,456, as against 73,289 in April. At the end of May 73,231 reports were in operation.

**COPPER DEMAND BETTER**

While copper demand is better, it is stated that the custom smelters are as yet the only smelters participating. The larger producers have not yet entered the market and the activity of the market is due to the fact that the orders are somewhat beyond the ability of the custom smelters to fill. It is expected, however, that the large producers will be back into the market again shortly.

There has been no evidence of any rush on the market by the buyers of copper. They seem convinced that they are going to be able to get whatever metal they need when they want it at no material increase over the present price.

While the present buying activity covers some domestic demand, the bulk of it is foreign.

Germany, France and England are again in the market as purchasers of copper in sizeable quantities after being virtually out of the market for some time.

The agreement on reparations was the untangling feature that had kept them away when the metal was badly needed. Now that this is out of the way it is anticipated that Europe will again be buying in good quantity.

It is known that these countries are very short of metal and need early delivery, which will largely have to come out of surplus stock, as normal refined production other than the custom product is largely sold through June and July.

There has probably been no time in the past several years when Europe has been as badly underbought in copper as it was just previous to the settlement of reparations. It was estimated by a competent observer that they needed 35,000 tons for June delivery, 45,000 tons for July and 60,000 tons for August. It is not expected that their orders will be concentrated but will be well spread out over the whole period.

**SURPLUS STOCKS INCREASE**

The slow copper market was reflected into the May statistics very forcibly, bringing the surplus stocks up from 57,464 tons at the beginning of the month to 70,412 tons at the end of the month. This is the largest surplus stock in many months, though it is not more than half a month's supply. The reason for the May curtailment of production is now evident.

The refineries did not slow up, as is evidenced by the production of refined products totaling 161,784 tons in May, as against 161,288 tons in April, thus showing the inter-

ference between the two markets.

## Neon Products of Washington in Annual Meet

SEATTLE, June 17. (Exclusive)—

The annual stockholders' meeting of the Electrical Products Corporation of Washington was held here today and W. F. Jeffries, R. F. Ingold, Paul Howse and Alton E. Allen, all of Los Angeles, were added to the board of directors.

Hamilton C. Rolfe was elected president, C. K. Constock, vice-president and managing director; R. F. Ingold, vice-president; P. D. MacBride, secretary, and Andrew Steers, treasurer, giving Washington and California interests equal representation in the affairs of the corporation. This action was taken in order to prepare for the expected consolidation of the Neon companies of the Pacific Coast.

The president's annual report compares operating results from June 1, 1927, to May 31, 1928, with a similar period just past and reports an increase in operating income for the period of 530 per cent, and an increased net profit for the period of 509 per cent.

An important advance has been made in the establishment of a competent and well-equipped national research laboratory. One of the recent and most important developments of the Claude laboratory is the development of low-voltage tubes which, when perfected, will enable the companies to do away with the high-voltage transformer. These tubes are being developed for sign lighting, interior lighting and for motion-picture photography.

## Drop Shown in Bankers' Paper

NEW YORK, June 17. (P)—The

volume of bankers' acceptances outstanding in the United States decreased \$3,672,630 during May to \$1,107,168,852, compared with \$1,040,745,176, the American Bankers' Acceptance Council reported today.

The decrease was attributed by the council to the reductions announced by a few large banks in the first Federal Reserve district where the banks' combined acceptance volume was \$7,000,000 less than on April 30. Banks in the Federal Reserve districts of New York, Philadelphia, Cleveland, Dallas and San Francisco all reported increases in their acceptance business.

## SURETY-INDEMNITY PROFITS UP IN YEAR

NEW YORK, June 17. (Exclusive)—

National Surety Company and National Indemnity Company today reported for the year ended December 31, last, net profit of \$2,180,162, after expenses, losses, reserves and taxes. This compares with \$1,117,417 in 1927.

## CONSOLIDATED FILM PROFITS UP SHARPLY

NEW YORK, June 17. (Exclusive)—

Net income of the Consolidated Film Industries, Inc., according to the statement released today, totaled \$204,000 for the five months ended May 31, last, after charges and taxes. This is comparable to \$269,705 in the 1928 period.

## Aviation Calls Skilled Labor

Continued expansion of the aviation industry in the Los Angeles district resulted in a further demand for skilled mechanics in that line during the month of May, according to the monthly report of the Pacific division of the United States Employment Service, which was released yesterday.

Practically all plants in the district reported normal operations, although there was slight curtailment of forces employed in the oil-tool shops. A surplus of office workers and sales people existed, while many unskilled workers were unemployed, according to the report. The harvesting of the grape crop, which will start the latter part of this month, will furnish employment to additional laborers, it was stated.

## PETITION GRANTED FOR BRANCH BANK

HAWTHORNE, June 17.—The

petition of the First Exchange State Bank of Lawndale to establish a branch bank here, has been granted by the State Superintendent of Banks, Will C. Wood. It was made known today. The petition has been on file with the State Banking Department for several months, the new institution to be opened August 1. Henry Krabbeschmidt, at present vice-president and manager of the main bank, will be in active charge of the local branch. Directors are R. Earl Miller, A. P. Netzel, L. E. Leuninger, M. B. Carlson, Ross Walker, Thomas Barnes and S. L. Cook.

## NEW PARK PROPOSED BY UPLAND CHAMBER

UPLAND, June 17.—Plans are

under consideration by directors of the Chamber of Commerce for providing the community with a large well-equipped city park, near the residence district. A plunge is also included in the program of improvement according to Claire Kirt, secretary of the chamber. Upland Lions club members are providing the youngsters of Upland with a wading pool in San Antonio Park. A plunge near the city has been felt a need to civic development and the proposal is enthusiastically supported.

## ARGENTINE EXCHANGE IN SHARP DOWNTURN

NEW YORK, June 17. (Exclusive)—

Cables from Buenos Aires received by bankers here report acute unsettlement in Argentine exchange. The paper peso is quoted in these cables at 41.76, against parity of 42.45 and gold shipping point of 40.00. A leading international banking house here expresses

### Western Air Express

Issuance of stock "rites" which may prove highly profitable, again directs attention to Western Air Express.

First of the air transport companies on a dividend basis, Western Air now plans construction of its own airport in Los Angeles.

Our late analysis explains "rite" situation and covers record of enviable progress.

## LOS ANGELES EXCHANGE

New Interest Reflected in Petroleum Shares;  
Equipment Issues Also Improve

Returning confidence in the stock market was manifested yesterday in the renewed interest in the petroleum shares listed on the Los Angeles Stock Exchange. The volume of trading in this group was substantially heavier than it has been lately, and a respectable number of fractional gains was marked up at the close.

Standard Union, Union Associated, Rio Grande and Richfield were all higher at the finish, while the stocks of smaller companies like Macmillan, Gilmore, Masco and Republic Petroleum also bettered their prices of the previous session.

Closely paralleling the activity in the oil, the stocks of equipment companies, led by Byron Jackson, were stronger. Byron Jackson's 1-4 point advance was the largest of the day, the stock finishing at 37 3/4. At 75 1/4, a fraction off from the top, Standard of California was up 1 point over the previous session, and Union of California was 5-8 higher at 44. Union Associated sold up 1-3 to the same price.

Another new high on the recovery was scored by Rio Grande, which finished at 10 1/2.

With the exception of moderate trading in Transamerica the miscellaneous group was sluggish. Transamerica dropped 1-2 to 136 1/4. Emaco Derrick in the industrial group sold up 1-2 to 34, and Republic Supply, another equipment stock, was 1 point higher at 68. Douglas Aircraft was quiet and unchanged at 39 1/2.

Standing out as the chief performer among the utilities, Southern Counties preferred moved up 1-1/2 points to 99 3/4, while Edison common dropped 5-8 to 58 3/4. Security-First National was the only bank stock to draw attention, and lost 3-4 to 128 1/4.

With better inactive and marginized trading, the stock market closed with a net gain of 1-1/2 points, or 1/4 of 1 percent, on a volume of 1,000,000 shares.

The Los Angeles Stock Exchange closed with a net gain of 1-1/2 points, or 1/4 of 1 percent, on a volume of 1,000,000 shares.

## LOS ANGELES CURB

Trading on the Los Angeles Curb Exchange opened for the week yesterday with fair activity in all sections except bank stocks but the net price changes continued to be confined to narrow ranges. In the oil list, those stocks which have been most active in the last few sessions again made fractional gains for the most part.

Hancock Oil scored a new high for the year when it touched 49 3/4 and then reacted to 49 1/4, up 1-4. The closing price of 49 1/4 was the previous high for the year. Bandini Petroleum sold 7900 shares, ranging from 8 3/4 to 9 1/8 with a net gain of 5-8 following reports of the completion of its No. 10 well at Santa Fe Springs.

Globe Petroleum on transfers of 20,000 shares reached a high of 9 1/4 for the day and closed at 9, a gain of 1/4 over the previous closing price. U. S. Royalties on a turnover of 3000 shares moved up 1/4 to 8.

Among the industrials, Beach Aircraft dropped 5 cents to 150. Fokker sold off 2 3/8 to 60 1/8, and Lockheed was down 1/4 to 18. Claude Neon Electrical Products gained 1/4 on its closing price of 65.

Gold Ave in the mining list jumped 10 cents to 75 while Tom Reed, at 47, up 17, and Gold Ore at 17, up 5, set new highs for the year. Sugarman Mines dropped 1 cent to 9.

Sales totaled 130,217 shares valued at \$341,614.

NEW YORK, June 17. (Exclusive) Today's stock market, as compiled by the New York Times, closed with a net gain of 1-1/2 points, or 1/4 of 1 percent, on a volume of 1,000,000 shares.

NEW YORK, June 17. (Exclusive) Today's stock market, as compiled by the New York Times, closed with a net gain of 1-1/2 points, or 1/4 of 1 percent, on a volume of 1,000,000 shares.

## AVIATION SECURITIES

With the development of the aviation industry certain to continue on a large scale in the next few years, the attention of many well-positioned companies engaged in the manufacture of airplanes offer interesting possibilities from an investment standpoint. Investors are cautioned, however, to seek a thorough analysis by trained investment specialists of the securities of any aviation company before investing.

Aviation is a new industry with many influencing factors that must be carefully weighed in gauging the future.

Through years of close observation and study of the aviation industry, we are prepared to give dependable information on any security you may have under consideration.

### Three-Year 6% Gold Notes

To be dated July 1, 1929 To mature July 1, 1932

Guaranty Trust Company of New York, Trustee

The following is based upon a letter from Mr. Y. Matsumura, President of the Company, copies of which will be furnished upon request, and to which reference may be had for more complete information:

#### Business and Properties

Toho Electric Power Company, Limited (Toho Denryoku Kabushiki Kaisha), is the second largest retail distributor of electric energy in Japan.

The Company owns 44 electric generating stations, with an aggregate installed capacity of 228,658 kw. and controls an additional 159,500 kw. under contracts with eight neighboring hydro-electric companies and one farmers' association.

#### Purpose of Issue

The proceeds of these Notes together with cash now on hand are to be used to pay the entire existing bank indebtedness of the Company and approximately \$10,432,717 of its funded debt (maturing or to be retired by sinking funds during 1929) and for other corporate purposes.

#### Capitalization

Of the capitalization to be outstanding with the public upon completion of present financing, paid-in capital stock will comprise more than 52% and funded debt less than 48%. Considerably less than one-third of the funded debt is secured.

#### Valuation

The depreciated value of the fixed properties in operation as of April 30, 1929, was carried on the Company's books at approximately \$72,751,617. The properties in the Kyushu area, constituting approximately \$22,000,000 of the foregoing book value, and any other properties hereafter acquired outside the Kansai area as defined, may be mortgaged to an amount not exceeding 50% of their fair value in accordance with the provisions of the Kansai Division First Mortgage Indenture. The depreciated replacement value of the Company's fixed properties in the Kansai area was estimated by Stone & Webster, Inc., as of July 2, 1928, to be approximately \$54,405,000 against which there

#### Earnings

(As certified by Messrs. Harold Bell, Taylor, Bird & Company, Chartered Accountants)

Twelve Months Ended Oct. 31	Gross Operating Earnings	Operating Expenses, Maintenance, and Taxes	Total Income (Including Other Income Available for Interest)
1926	\$19,106,986	\$11,995,986	\$9,748,140
1927	21,618,319	13,747,586	10,519,492
1928	22,576,155	14,045,003	10,795,515
1929*	22,667,602	14,202,017	10,661,439†

\*Twelve months ended April 30.  
†Earnings of the Company in yen increased; the decrease in dollar figure is due to the lower conversion rate of yen exchange.

#### Dividends and Equity

Dividends are now being paid at the rate of 10% per annum, and have been paid at the rate of not less than 8% per annum on stock of the Company and all important predecessor companies outstanding during the past 14 years. At present prices the indicated aggregate market value of the Company's capital stock now outstanding with the public is more than \$63,000,000.

#### Application will be made to list these Notes on the New York Stock Exchange

Conversion from Japanese and British currency to American currency above have been made at rates outlined in the President's letter.

To be authorized and issued \$11,450,000. Interest payable January 1 and July 1. Principal and interest payable at the principal office of Guaranty Trust Company of New York in gold coin of the United States of America or of equal to the standard of weight and fineness existing on July 1, 1929, or at the option of the holder, at its principal London office, in Sterling at the rate of \$4.866 per pound Sterling, in other case without deduction for any Japanese taxes, present or future, when held by others than residents of Japan. Coupon Notes in the denomination of \$1,000.

Redeemable as a whole or in part, at the option of the Company, on any interest date upon 45 days' notice, at 100% and accrued interest.

### 96 1/2 and accrued interest, to yield over 7.40%

The Company's Three-Year 6% Gold Notes due July 1, 1932, will be accepted in payment for the above Notes on a 5% interest yield basis.

When, as and if issued and received by us and subject to the approval of counsel. All legal details will be passed upon for the Bankers by Messrs. Davis, Polk, Wardwell, Gardner & Reed, of New York, except as to matters of Japanese law which will be passed upon by Dr. A. Kishi, of Tokyo, and for the Company by Messrs. Murray, Aldrich & Webb, of New York, and by Dr. T. Aoki, of Tokyo. It is expected that interim receipts of Guaranty Trust Company of New York will be ready for delivery on or about July 5, 1929.

**FIRST RAIL-AIR HOP ENDS HERE**  
(Continued from First Page)  
The time will come, of course, when transcontinental planes will be operating between New York City and Los Angeles on a twenty-four hour schedule, but at present, it is believed that the traveling public will be more favorable to trying out air travel on daylight hops and will be content, at first, with one day in the air en route.  
Over its other air lines out of St. Louis, Chicago, Kansas City, Cleveland, Wichita, Tulsa, Oklahoma City, and other points, planes of the Universal will provide an auxiliary service feeding the main Great Circle Line from coast to coast.  
The Los Angeles organization will be under the supervision of H. J. McNally, assistant general manager of the Universal Air Corporation, who will arrive here Wednesday, it was announced.  
Mrs. Willebrandt and several of the eastern newspaper men will return on the California Limited train of the Santa Fe Wednesday on the eastern air-rail journey to New York. Robert B. Armstrong, Washington staff representative for The Times, who was a passenger on the inaugural trip will be among Wednesday's passengers.  
Each member of the pioneering party to arrive yesterday presented with statuettes as memorials of the trip and also given gold engraved certificates in commemoration of the "first regular air-rail transcontinental flight in the United States."  
MRS. WILLEBRANDT SPREADS DOCTRINE OF AIR  
Leveling the guns of preparedness as the vital step in the development of aviation in Southern California and the United States at this time, Mrs. Mabel Walker Willebrandt, former assistant United States Attorney-General, carried her message encouraging timely development of the air industry at a joint meeting of the aviation committees of the Los Angeles Bar Association and the Los Angeles Junior Chamber of Commerce today noon at the Chamber of Commerce Building.  
"No one can predict accurately the aviation needs of today," said Mrs. Willebrandt. "This is the prophetic period; this is our opportunity to develop with this great industry."  
Pointing out the importance of a close tie-up of the legislative and legal bodies with the development of aviation, Mrs. Willebrandt stated: "If this business must go through the countless steps the railroads have had to do, aviation will be hindered greatly. The establishing of emergency fields, the development of civil spirit, the operation of property equipped laboratories—these will assist aviation development and the extension of transcontinental air facilities."  
"Unless this move is made, the time is coming when capital and the industry itself will be set back by lack of facilities. These steps must be taken today to prepare for the future. We must become 'horizon-minded' and 'air-minded.'"  
The work that is at hand, in the opinion of Mrs. Willebrandt, is concerned vitally with chambers of commerce, both senior and junior, and it is these organizations that have an unlimited field in carrying on pioneering.  
Col. W. Jefferson Davis, chairman of the committee on aviation law of the Los Angeles Bar Association, introduced Mrs. Willebrandt. Among those attending were Donald M. Ewing, Universal Air Lines; Capt. Spicer, John C. Austin, vice-president of the Chamber of Commerce; W. L. Stewart, Jr., chairman of the aviation committee of the Junior Chamber; John Louis Elkins, secretary of the Los Angeles Bar Association; Carl S. Keyser, Curtis Flying School, and Mrs. Winifred Ellis.

**BULLOCK'S**  
The Detecto Scales  
\$9.75  
Unless one weighs often, loss of weight or excess pounds come at an alarming rate! To be over or underweight is often detrimental to health! It prevents one from being fit. For science has determined the correct weight for everyone, according to height and age, and sex.  
You can be of normal weight and look and feel well at all times by placing a Detecto in a convenient location in your home... the bathroom for instance, and applying its well arranged information to suit your needs.  
At \$9.75 today—these scales are fractional!

**Carewes Plan to Sail Friday**  
Edwin Carewe, motion-picture director and producer, and his wife, Mary Akin Carewe, will sail on the S.S. Majestic Friday for a honeymoon in Europe, according to a wire yesterday from Carewe, who is in Chicago. He and his wife were married Sunday.  
They will be accompanied on the trip by Mr. Carewe's brother, Finis Fox, screen writer, and Mrs. Fox. They plan to visit England, France, Italy and Spain and will return about August 16, next.

**HEAVY PROGRAM AHEAD AT M.-G.-M.**  
Schedule Announced at Chicago Convention  
Film Company to Make 230 Releases in Year  
Picture Stars in Talking Plays to Predominate  
Two hundred and thirty separate releases will form Metro-Goldwyn-Mayer's production schedule for the theatrical year beginning in August, according to announcement by Nicholas M. Schenck, president, before the sales convention of the company, which opened yesterday in Chicago.  
Forty pictures of superior length will be made with dialogue, music, sound effects, color and all other devices.  
Sixteen feature length pictures will be made with both dialogue and sound effects and as silent pictures, for those theaters not yet equipped to reproduce voice from the screen.  
STAGE PLAYERS ADDED  
These fifty-six productions will not include several superlatives for which general release dates are indefinite.  
The Hal Roach studio will supply thirty-two two-reel comedies. Twenty-six Metro Movie-tone acts are scheduled. Twelve M.-G.-M. Color-tone Revers will be made. The M.-G.-M. News will issue 104 editions.  
Picture actors in talking pictures will dominate the production schedule, but M.-G.-M. has added more than sixty stage players to its list. Nineteen of these feature releases will have as individual stars Greta Garbo, Norma Shearer, Joan Crawford, John Gilbert, Ramon Novarro, Lon Chaney, William Haines, Duncan Hester, Buster Keaton and Van and Schenck.  
A building program is in progress at the Culver City grounds, the chief feature of which is a large sound stage combined with a theater seating 1500 persons.  
GRETA GARBO TO BE HEARD  
Greta Garbo will be heard on the screen for the first time in Eugene O'Neill's "Anna Christie."  
One of the initial releases of the new program will be John Gilbert's first talking film, "Redemption," directed by Fred Niblo from the Tolstoy story. He will later play in "Olympia," Molnar's drama of royalty, which will be directed by Lionel Barrymore.  
Norma Shearer's "The Last of Mrs. Cheyne," gives the star of "The Trial of Mary Dugan" another intensely dramatic role in an all-dialogue picture.  
"Trader Horn" is being made in Africa by Director W. S. Van Dyke. Buster Keaton's first will be a musical comedy, "Van and Schenck," the vaudeville pair, will appear in a singing film.  
Tod Browning will make "The Thirteenth Chair," from Bayard Veiller's noted stage mystery play. King Vidor's "Hallelujah" will be ready soon.  
William De Mille's next will be a drama from the French.  
JOAN TO PLAY IN "JUNGLE"  
Joan Crawford will next appear in "Jungle," with Jack Conway directing.  
The Duncan sisters will make a singing and dialogue film entitled "Cotton and Silk."  
Harry Beaumont is finishing "Speedway," with William Haines, in which the Indianapolis auto races are used.  
Lon Chaney's first on the new schedule will be "Thunder," a railroad story, with the Mississippi flood as a background.  
Charles Brabin will make a sea story to be called "Ordeal."  
Beulah Love and Charles King make a team for "Road Show." Charles Reisner will direct.  
Ethel Davis and George K. Arthur will be seen in pictures of their own.

**MEADOWS DENIES GUILT**  
Fraud-Charge Defendant at Arraignment Consents to Delay in Setting Trial Date  
Pleading not guilty to twelve charges of grand theft set forth in a grand jury indictment, George (Rush) Meadows yesterday agreed to a continuance of the setting of his trial date until the 20th inst. in Superior Judge Shaw's court. At that time the prosecution expects to be able to state the date on which Leo V. Youngworth, the principal prosecution witness, will be able to appear in court. At present Mr. Youngworth is in Honolulu, T. H.  
Meadows is accused of obtaining approximately \$25,000 from relatives of John R. Osborne, Los Angeles promoter, now confined in Leavenworth penitentiary, under promises of obtaining him a commutation of sentence from ex-President Coolidge. It is charged that the money was obtained from John E. Osborne, and with other players, as will Wallace Beery.  
"College Life," Sam Wood's campus story, will be an early release, as will Edgar Selwyn's backstage comedy, "Eva, the Fifth."  
MYSTERY STORIES LISTED  
"The Green Ghost," a Ben Hecht detective story, is being made by Lionel Barrymore. Clarence Brown is directing "Wonder of Women," with Lewis Stone, Peggy Wood and Lella Hyams.  
Greta Garbo's "The Single Standard" has been made in silent form for early showing.  
To follow Lon Chaney's "Thunder" will be "The Bugle Sounds," a story of the Foreign Legion by Maj. Peckhoff. George Hill will direct with Chaney playing a tough drill sergeant. Many of the scenes will be taken in North Africa.  
Two directors, one skilled in picture production, the other from the stage, will make S. S. Van Dine's "The Bishop Murder Case" into a talking picture. Nick Grinde will handle the picture sequences, with Bertram Harrison in charge of dialogue.  
"Lombardi, Ltd.," "Iris" and "The Misleading Lady" are to be made in this schedule, directors and principals to be selected later.  
STAGE PLAYS SCHEDULED  
In addition to those already named, the following players are now under contract to Metro-Goldwyn-Mayer:  
Rene Adoree, Nila Asher, George Barrard, Jack Benny, Charles Bickford, John Mack Brown, Edwina Booth, Mary Doran, Josephine Dunn, Cliff Edwards, Gus Edwards, Julia Faye, Raymond Hackett, Lella Hyams, Kay Johnson, Zita Johann, Carlotta King, Owen Lee, Joel McCrea, Myrtle McLaughlin, George Marion, Robert Montgomery, Polly Moran, Anita Murray, Joyce Murray, Conrad Nagel, Edward Nugent, Elliott Nugent, J. C. Nugent, Robert Ober, Anita Page, Basil Rathbone, Duncan Renaldo, Dorothy Sebastian, Sally Starr, Raquel Torres and Ernest Torrence.  
NIGHT COACH SERVICE NEAR  
The first of a fleet of Pickwick night coaches will be placed in service on the company's line between Los Angeles and San Francisco this last week in June, it was announced yesterday. The date has been set tentatively as the 28th inst.

### LERMOND RUNS BRILLIANT MILE

Captures Invitational Run from Speedy Field

Timed in 4m. 13s. After Great Four-Lap Battle

Bracey Noses Out Michigan Star in Hundred

BY TED VOSBURGH

Associated Press Sports Writer

NEW YORK, June 17. (AP)—The long-suffering record for the 100-yard dash was spared further abuse in the big benefit track-field meet at the Yankee Stadium tonight, but the classic mark for the one-mile run had only the narrowest of escapes.

Shortly before Claude Lermond, the Texas, trimmed Eddie Tolman of the University of Michigan in a 9-4-4, 100-yard dash, young Leo

Lermond of the Boston A.A. reeled off America's fastest outdoor mile turned in since away back in 1915 and the second fastest ever recorded in this country.

Lermond chalked up his great performance in a thrilling duel with Gus Moore of the Brooklyn Harriers, 22-year-old holder of the national cross-country championship, who carried him

### Chauca Enters Six-Mile Run in Title Meet

Harry Chauca, Sherman Indian who conquered Clarence DeMar, America's premier long-distance star, in The Times Pre-Olympic Marathon Saturday, will enter the six-mile race in the A.A.U. national championships in Denver next month. Chauca will start training tomorrow on Bovard Field under Dean Cromwell, L.A.C. coach, in preparation for his quest of the national title. Chauca won the six-mile event in the local A.A.U. meet, unofficially setting a new world's record.

### ENGLAND SEEKS POLO LAURELS

Hurlingham Club Expected to Challenge America

NEW YORK, June 17. (AP)—England is not going to wait any longer before making another try for the international polo cup now held by the United States, it was indicated today.

The Hurlingham Club of England, through Lord Cowdray, one of its leading officials, already has made inquiries of the United States Polo Association relative to a resumption of the Anglo-American rivalry in this country next year.

The British last challenged in 1927, when their Army-in-India team was routed by America's Big Four, and, as the rules governing the competition provide for challenges only after a three-year interval, they are taking their first opportunity of making a new attempt. In their absence last year the Argentines provided the international opposition in a series for the "championship of the Americas" and were beaten by a strong team containing some of

(Continued on Page 2, Column 3)

up their long journey here Sunday night. Johnny Salo, the Pasco policeman, comes out in front, with \$25,000. Pete Gavuzzi, the English-Italian, who was just nosed out by Salo in the last lap of the race, takes \$10,000 for second honors. Other prizes are as follows:

Third, Guisto Umek, Trieste, Italy, \$6,000; fourth, Sam Richmond, New York, \$3,000; fifth, Paul Simpson, Burlington, N.C., \$2,500; sixth, Philip Granville, Hamilton, Ont., \$2,250; seventh, M. B. McNamara, Australia, \$2,000; eighth, Herbert Hedeman, New York, \$1,750; ninth, Harry Abramowitz, New York, \$1,500; tenth, Mike Joyce, Cleveland, O., \$1,250; eleventh, Guy Shields, Picher, Okla., \$1,000; twelfth, Elwin Harbine, Santa Rosa, Cal., \$900; thirteenth, Elmer Cowley, Clinton, N.J., \$850; fourteenth, Pat Harrison, Miami, Ariz., \$800; fifteenth, Joe Spangler, New York, \$700.

Salo won the derby laurels from Gavuzzi by a margin of 2m. 47s. a decidedly scanty advantage in view of the fact that the race was one of more than 3,000 miles. His total elapsed time was 25h. 57m. 20s. Gavuzzi's aggregate running time was 25h. 7s. Umek finished

### HENRY RULES DEVICES OUT

Track Chairman Announces Definite Ruling

Any Records Established Will be Official

Hector Dyer May Not Appear in Denver Classic

Starting blocks for sprinters will not be allowed at the National A.A.U. track-and-field championships, to be held at Denver, July 3, 4, 5, next, it was announced last night by Leslie A. Henry, national track-and-field chairman, and well-known Los Angeles Athletic Club official.

These blocks have never been accepted by the A.A.U., or the International Athletic Federation, and as the national championships will be held under the jurisdiction of the amateur union, the blocks will not be used at Denver," said Henry.

"We want every record made this year to be absolutely official and, if Simpson, Bracey, Wykoff or any other sprinter runs a 9-2-5, 100-yard dash we want the mark to be accepted in America and by the International Federation as well."

Every branch of the A.A.U. in America will be notified of Henry's ruling at once so that such men as Simpson and Bracey, who used the blocks in the record-breaking century at Chicago recently, will have plenty of time to throw away their "artificial aids" before going to Denver.

L.A.C. sprinters have the blocks at Bovard Field now, but have not been practicing with them, having anticipated Henry's ruling.

Mr. Henry will accompany his L.A.C. team to Denver on the 28th inst., and will be in full charge of the championship meet. Mercury athletes are working daily in preparation for the final tryout meet scheduled for the Coliseum Saturday. The team of thirty-five men will not be announced until after the trials.

Hector Dyer, Stanford sprinter, is

### HUSKY OARSMEN GATHER

"Old Home Week" Celebrated as ex-Washington Stars Bring Crews to Poughkeepsie for Regatta

POUGHKEEPSIE (N. Y.) June 17. (AP)—This is "old home week" on the Hudson River for the University of Washington school of rowing coaches in charge of crews here for the intercollegiate regatta, just a week from today.

The arrival of the Washington and Wisconsin crews saw their respective coaches, Al Ulbrickson and Mike Murphy, paying social calls to their former mentor, Russell Callow, now coach at Pennsylvania, and his assistant, J. M. Matthews.

The two new arrivals were on the water twice today and both variedly showed changes from the way they boated for the race at Madison, Wis., last Wednesday. Orr went into the Washington varsity coxswain's seat in place of Harris. Mike Murphy put Goodman in at No. 3 in the Wisconsin first boat, moved Woodman up to bow and took Beers out of the boat. The changes may not be permanent.

With the mercury hovering around 90 deg. on the river, Coach Ky Ebright of California was unable to give his varsity shell the time trial he had in mind for them, although water conditions were perfect.

### BETTERS PAR IN GOLF PLAY

Los Angeles Club Star is Low With 71

Tours Course in One Under Par to Lead Play

E. F. Coombs, Jr., Turns in Card of 72

BY THE GOLFER

Warren Johnson of the Los Angeles Country Club took the lead in the qualifying round of the California Country Club's seventh annual invitation tournament yesterday when he toured the beautiful Culver City course in 71 strokes, one under par.

E. F. Coombs, Jr. of the Virginia Club in Long Beach, shot a 72 and this score was low until late in the afternoon when Johnson came in with his total of 71. Both golfers were in top form and gave every indication of being in the running throughout the entire tournament.

Harry Elsieberger, Jr., trailed Coombs by a lone stroke, while George Arneson came in with a 73. Lester Coleman, one of California's golfing stars, had a 75 for the eighteen holes, while Mito Marchetti of Rancho and J. J. Toy followed with 77s.

In the second division, seven to ten handicaps, E. R. Burd, another California Club star, led with a 78. E. J. Walsh was first in the eleven to fourteen division with the same score. Paul Leroy, shooting an 85, led the sixteen to eighteen division.

The first day of the tournament found 155 golfers taking part, although some failed to turn in their cards. Among these was Charles Seaver, Los Angeles High School youngster, who had an 84 and tore up the race at Madison, Wis., last Wednesday. Orr went into the Washington varsity coxswain's seat in place of Harris. Mike Murphy put Goodman in at No. 3 in the Wisconsin first boat, moved Woodman up to bow and took Beers out of the boat. The changes may not be permanent.

With the mercury hovering around 90 deg. on the river, Coach Ky Ebright of California was unable to give his varsity shell the time trial he had in mind for them, although water conditions were perfect.

# A CHUCKLE FOR EVERYBODY

## THE RETURN OF TARZAN

By Edgar Rice Burroughs

Tarzan showed no signs of anger as he stood up. A half smile played about his lips, but of a sudden a great fist shot into the face of the scowling Arab and back of it were the mighty muscles of the ape-man. At the instant the fellow fell, a dozen fierce plainmen sprang into the room.

With cries of "Kill the unbeliever" and "Down with the Christian dog," they made straight for Tarzan. Other Arabs in the cafe sprang forward to join in the assault upon the unarmed white man. Tarzan was rushed backward before the numbers opposing him. With drawn knife, Abdul fought by his side.

With tremendous blows the ape-man felled all who came in reach of his powerful hands. So closely packed was the howling, cursing mob, that no weapon could be used. Finally Tarzan succeeded in seizing one of the nearest attackers, and, with a quick wrench, disarmed him.

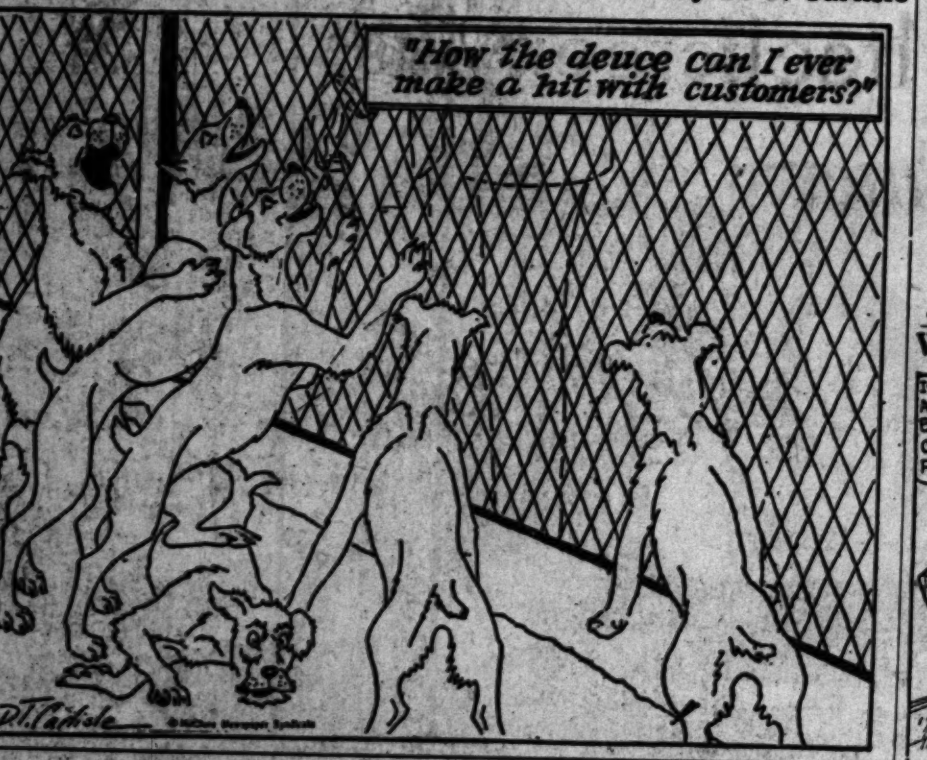

Holding this Arab before them as a shield, he backed slowly toward the little door leading into the courtyard. At the entrance he paused an instant, and lifting the struggling fellow above his head, buried him, as from a catapult, full in the face of the on-rushing mob.

### TAXICAB CURB SUPPORTED

Traffic Commission Backs Board in Effort to Make Certification of Cars Mandatory

Backing of the Los Angeles Traffic Commission for the Board of Public Utilities and Transportation's order compelling any additional taxicabs in the city to require a certificate of public necessity and convenience was announced yesterday by Secretary H. B. Payne of the board, on information obtained from the commission.

The utility board's order goes in to effect today and at a recent vote by the Traffic Commission's directors it was decided to support the board in whatever action it might take, according to information furnished to the Board of Public Utilities and Transportation.

**ORDINANCE SOUGHT**  
The board is enforcing the regulation by an order known as No. 80 and had asked the City Council to amend the taxicab ordinance to provide for new taxicab permits requiring a certificate of public necessity and convenience, so as to support the order by making the latter a permanent measure.

The General Taxicab Company, Inc., has sixty-eight new applications for taxicab permits in addition to twenty-six already obtained. In a letter to the City Council the company protested against the system of limiting the number of taxicab permits.

The board's plan for limiting the number of taxicabs to those actually required is based on information from other large cities, which are declared to be overcrowded with taxicabs cruising on the streets at all hours of the night and day.

**WANTS TO POST RATES**  
In addition to seeking more taxicab permits, the General Cab Company seeks to be allowed to post its rates on each car, which rates are said to be 10 cents a mile lower than other cabs. The company operates Ford taxicabs and is said to be composed of Ford agents who are required by the Ford company to dispose of so many taxicabs along with their quota of private cars.

Due to the fact that Attorney Elmer Robinson, counsel for the General Cab Company, is out of the city, a hearing on its applications by the board has been deferred until next Tuesday.

### CHURCHES IN POLITICS JUSTIFIED

Methodist Preachers Hear Dr. Harold Griffis Defend Militant Christianity

"The church that takes no interest in social and political reforms is not loyal to that great organization of Christians which for 1800 years has been fighting sin in its every manifestation," declared Dr. Harold Griffis, pastor of Wilshire Boulevard Christian Church, in an address yesterday before Methodist ministers at the First Methodist Episcopal Church.

Discussing "The Church and Politics," Dr. Griffis, while criticizing those churches that seek to control government for their own selfish ends, said that when a religious group becomes conscious of the Christian attitude which should be taken in regard to a social or political issue and mobilizes its forces in support of that attitude, "it is in the bounds of its own rights and is discharging to society a sacred obligation."

"It is not evil in the abstract but evil in the concrete with which the church must deal. If its work is to be effective," said Dr. Griffis, "to help the state to make it easier for people to do right and harder for them to do wrong is the duty of every good citizen, regardless of church affiliations. It is noticeable that those who are loudest in criticizing churches for 'meddling in politics' usually are those who never go to church. Those who insist that church people should only sing psalms and pray want the church to attend to its own business because they fear the result of the church interfering with their business."

### TESTS OPEN TO COLLEGE MEN ONLY

Requirements Listed in City's Examinations for Airport Positions

University men only will be eligible to take the examinations July 18, next, for director of airports, assistant director of airport and superintendent for Los Angeles, according to test requirements being printed this week by the City Civil Service Commission.

Applicants for the post of director of airports, which pays \$400 a month, must be graduates of a college of recognized standing, must have had four years' experience in executive or research positions, a broad experience and contact with the last few years with the aeronautical industry, a training sufficient and experience to qualify for a limited commercial pilot's license under requirements of the United States Department of Commerce, a knowledge of regulations and ratings in airports of the United States, of lighting airports at night and other requirements for night flying.

Subordinate to the City Council, the director of airports is to organize and direct operations of Los Angeles municipal airports, hangars and other facilities.

Applicants for assistant director must have similar qualifications, but his duties will be to handle routine administration of municipal airports. The job pays \$300 a month.

Applicants for superintendent must have put in two years at a recognized university, four years as an executive and three years in contact with the airplane business. The position pays \$250 a month. The age limit for all three positions is between 21 and 55 years.

### TWO HELD AS BANK BANDITS

Detectives Say Quarrel Over Girl Led to Arrest; One Prisoner Asserted to Have Confessed

Arrest of the bandits responsible for the robberies of the Pacific National Bank branch at 5764 Melrose avenue, March 30, last, and the Citizens National Trust and Savings Bank at Sixty-second street and Santa Barbara avenue the 5th last, was announced yesterday by Detective Lieuts. Taylor and Evans of the Hollywood division and Malina of the Central robbery squad yesterday.

The two asserted bandits charged with robbery in the City Jail are John C. Kasama, 25 years of age, of 717 Lomitas Drive, and Eddie Hall, 23, a transient.

Hall, the detectives stated, confessed to robbing the Citizens National Trust and Savings branch bank alone, and implicated Kasama in the other hold-up. Arrest of the pair, the detectives reported, resulted in a fight between the two over a girl with a third youth who, it is stated, furnished information to the police.

Hall also was booked on a charge of assault with a deadly weapon. This was a result of his having fired on Melvin Davenport, a messenger boy, who chased him for nearly two miles following the robbery of the bank at Sixty-second street.

Hall served a term in the Preston Reform School, the detectives reported, for attacking a girl in the hills near Alhambra in 1928.

### STATE CONVENTIONS OBTAINED FOR CITY

Two State conventions will be held here in October as a result of a campaign by the Los Angeles Chamber of Commerce, according to President Shannon Crandall. The largest will be the gathering of members of the California Gold and Silverminers' Association, which will bring approximately 200 delegates to the city. The other convention is that of the California Creamery Operators' Association, which will bring 100 delegates.

# A used car that paid for itself in one summer

**A MAN** who bought a camp in the woods last summer said that he and his wife decided not to take their new car with them. "We had seen too many beautiful cars hurt by the rough treatment they get at camp."

They bought a sturdy but very inexpensive used car. "Aside from the great convenience of having a car in the city and another car in the country," he said, "we figure that the used car paid for itself in saving wear and tear on our new car."

In selling more than a million and a half new cars every year, General Motors dealers accept many used cars in trade.

Every one is *unused transportation* and represents a real bargain for somebody.

General Motors urges its dealers to move their used cars quickly, at fair prices, and in a way to build public good will. It cooperates with them by providing the convenient GMAC Payment Plan for both new car and used car sales.

## SOCIETY

BY JUANA NEAL LEVY

Something approaching a full tide of American visitors has set in and the leading Berlin hotels are busy with the magnificent performances of the Berlin festival which, under the leadership of Toscanini, now is in full swing. As if not content with the number of Americans coming to Berlin, at least had the effect of inducing many who intended to stay only for a day or two to extend their sojourn.

Prominent among Chicagoans in Berlin just now is Dr. Carl Beck, who is accompanied by Mrs. Beck and Miss Helen Beerman. In addition to sightseeing and going to special opera performances, Dr. Beck is conducting quiet investigations into some interesting points regarding medicine and public health in the German capital.

Other Chicago medical men here include Dr. George Morgenthau, Dr. J. Vernon Edlin, who is accompanied by Mrs. Edlin and Dr. Hugo W. Frank.

Two around-the-world travelers are here just now, George D. Kitcham of Chicago is doing the Jules Verne tour somewhat more leisurely than most of his colleagues, for he has set himself a time limit of five years. He traveled to Berlin from Rome and intends going through Germany from end to end.

The other traveler is Gabriel Dufour of Detroit, who has cycled from Munich and is going on to Austria, the Balkans, Asia, Australia, South America and back home.

He is mounted on a motorcycle and accompanied by a dog.

Hermann S. Hering, member of the board of trustees of the Mother Church, the First Church of Christ, Scientist, Boston, and Mrs. Hering have been staying at the Continental Hotel here, while Mr. Hering delivers in English and German his lecture on "Steppings-stones in Christian Science" in several large Berlin halls. He is making a lecture tour of Europe.

John Kennedy of Hollywood, who has been traveling in Germany, was a recent arrival in Berlin, registering at the Central Hotel.

Samuel Pollock of Los Angeles has arrived at the Hotel Adlon in Berlin.

Cyrus Peirce, Los Angeles banker, and Mrs. Peirce have arrived at the Chateau Frontenac in Paris and are occupying an apartment.

Miss Sue Rosenkhan and Mrs. J. F. Chase of Los Angeles have crossed to Europe aboard the Atlantic Transport liner Minnewaska from New York.

Robert E. Harlow of Hollywood is at the Glenside Hotel in Perthshire, Scotland, for the early season.

Mr. and Mrs. George Chas. Kendall of Santa Barbara, who arrived in England from America about a month ago and have been motoring in Devonshire, have gone to Paris for several months' stay at the Hotel de la Tremolles. Their daughter, Mrs. Henry L. Rosenfeld, of the Rue de la Galle, Paris, will give a series of luncheons in their honor during their visit there.

W. L. Milner of Los Angeles, who is passing his annual spring visit in Paris, will return to America July 14, on the United States liner Louisiana from Cherbourg.

Mrs. May E. Laver and Mrs. Marie Weder of Los Angeles, who are traveling in Germany, were recently registered at the English Hotel, Paris, by their daughter, Miss Juliette Hertz of Hollywood, who arrived in Paris from London and are at the Hotel Continental.

Mr. and Mrs. S. T. Henshaw of Los Angeles, who have been traveling in the north of France, were recent visitors to Rheims, where they stopped at the Hotel du Lion d'Or.

Mr. and Mrs. W. C. MacCarthy of Beverly Hills were recent guests of the Hotel Columbia in Genoa.

David Brodsky of Los Angeles has been stopping at the Majestic Hotel, Giza, Egypt.

G. Benton Wilson of Los Angeles is visiting Vienna with his family and is at the Grand Hotel. They have toured Italy and are proceeding to Berlin.

Mr. and Mrs. Edward Dieter and Herbert E. Maxson of Los Angeles, traveling in Germany, are at the Hotel Continental in Berlin.

Dr. and Mrs. Charles W. Bressler of Los Angeles have returned to Paris after a four-month motor trip in North Africa. They crossed the Sahara Desert twice, going to Timbuktu and back.

Dr. and Mrs. Ernest A. Bryant of Los Angeles are among the latest arrivals at the Hotel George V, in Paris, having arrived from Berlin.

Mr. and Mrs. Beverly Scott of Beverly Hills have arrived for their summer stay in Europe and are at the Hotel Continental. Before returning to Los Angeles next November they will visit Avignon, Cannes, Nice, Florence, Milan, Geneva and Berlin.

Mr. and Mrs. F. H. Freeman of Los Angeles have arrived in Paris for a brief visit and are stopping at the Hotel Continental. Before returning to Los Angeles next November they will visit Avignon, Cannes, Nice, Florence, Milan, Geneva and Berlin.

Mr. and Mrs. F. H. Freeman of Los Angeles have arrived in Paris for a brief visit and are stopping at the Hotel Continental. Before returning to Los Angeles next November they will visit Avignon, Cannes, Nice, Florence, Milan, Geneva and Berlin.

Mr. and Mrs. F. H. Freeman of Los Angeles have arrived in Paris for a brief visit and are stopping at the Hotel Continental. Before returning to Los Angeles next November they will visit Avignon, Cannes, Nice, Florence, Milan, Geneva and Berlin.

Mr. and Mrs. F. H. Freeman of Los Angeles have arrived in Paris for a brief visit and are stopping at the Hotel Continental. Before returning to Los Angeles next November they will visit Avignon, Cannes, Nice, Florence, Milan, Geneva and Berlin.

## FIESTA MEXICANA WILL BE GIVEN

Great Preparations Made for Event

Mrs. David Ayre, President of Las Damas Angelenas

Great preparations are being made for a Fiesta Mexicana Saturday and Sunday at 2 o'clock at Loyola College, the Sunday luncheon at 1 o'clock being carried out in the customs of Mexico, bringing back the spirit of old California. The fiesta will have a different touch, many señoritas being frocked in costumes of other nations and in the program dances and sketches never before seen.

All this is in charge of the elite of the Pan-American colonies, thus making it an international feast.

The organization committee includes Mrs. Arthur Wright (Gualupe Estudillo), Isabel del Valle Gram, Margarita de Castellanos, Isabel Barberena de Guzman, Hortencia de Gilespi, Catherine R. Callahan, H. W. Booth, Daisy Coats, Odilia de Velarde, Frank T. Fickert, Luisa de Wickersham, Archibald Hart, Leonor Jael, Miss Celia Carrillo, Maria Antonieta Perez Gil, Adelita Pina, Beatriz Ruiz, Grete Houser, Beatriz Tarrila and Carmelita Ferreira.

tion persisted until the boy was 12 years of age and I was in despair.

"Then a doctor recommended this simple procedure and he was cured in three months. He suggested that I get two wooden blocks four by six inches and put them under the foot of the bed. Let him lie flat without pillows and give him liquid after the six-inch way first.

It was hard to deny him liquid with his supper so I gave him celery and lettuce to help moisten him. He was taken up at least once during the night.

"The improvement was immediate and he only slipped up a few times during the next three months. We turned the blocks to the four-inch height and kept them that way another three months and the cure was complete. After so many years of difficulty this cure seemed miraculous.

"I have three grandchildren all being reared by the modern, scientific methods and they are fine, healthy children."

It is a pleasure to receive letters from grandmothers. They have years of experience from which to draw, and if, as in your case, they move along with the modern generation and can see good in methods which are strange to them, they can mix experience and theory and get an infallible combination.

I am only too glad to pass on your suggestion. I have heard of it before and with praise of its efficacy. The suggestion that the child be deprived of liquids after 5 is an idea, of almost universal advice, which I do not heartily subscribe.

In my years of work with mothers, I have never found one person who had any success in helping bed wetting by depriving the child of liquids, so I see no reason for carrying on a policy that is of so little benefit. Besides, if one takes the child up one hour after going to bed, whatever liquid is drunk at dinner will be voided, and the child who is deprived of water at meals feels himself, and rightfully, almost agonizing thirsty. There is no danger, too, of the urine being so concentrated that it is even more irritating than a full bladder.

So in carrying out this plan, I suggest that the child be fed as usual and have the regular glass of milk at night and his drink of water, and be taken up earlier in order to be relieved. I am sure it would prove just as effective.

W.C.T.U. Meets Here Tomorrow

The city federation of the Women's Christian Temperance Union, it was announced yesterday by Mrs. Hattie M. Doughty, president, will meet on the eighth floor of the Bible Institute tomorrow from 10 a.m. to 4 p.m. Speakers will include Mrs. Anna J. Johnson, president of the Soroptomist Club; Mrs. Gertrude C. Maynard, president of the Women's Advertising Club; Mrs. Bessie Joy, president of the president of the Women's Police League; and Mrs. Gertrude Soule, county director of co-operation with women's organizations. Music will be provided by Mrs. Myrtle Gilman.

Former Bank Teller Enters Guilty Plea

Arthur Vernon Dudley, formerly teller of the National Bank of Commerce, pleaded guilty yesterday to the court of United States District Judge McCormick to a charge of embezzlement of bank funds. The bank officials said he had totaled more than \$22,000. The young man, who lives at Santa Monica, appeared in court and was given until September 18, next, for sentence.

Mrs. M'Pherson Goes East Today

Alma Semple McPherson and her son and daughter, Rolf and Roberta, will leave today for Detroit to conduct a fifteen-day interdenominational evangelistic campaign in the Detroit Masonic Temple, it was announced at Angelus Temple last night.

The campaign is scheduled to open the 23rd inst. and will form a part of the northern convention of the International Four-Square Gospel Light Houses.

Mrs. McPherson went into seclusion last night and did not state whether she will return here immediately following the Detroit meetings.

Mrs. Mae Waldron Emmel, secretary to Mrs. McPherson, and Rev. John Goben, general supervisor of the international light house organization, will accompany Mrs. McPherson.

Remove: The uneasy feeling that your tracks weren't covered. Bridgeport Telegram.

## Young Jewish Group to Meet Thursday Night

A meeting of the Junior Service Council, an organization of the Jewish youth of the community, created to assist in fund-raising efforts for social welfare and charitable appeals, will be held Thursday evening in the Ambassador, Dep. Dist. Atty. B. J. Scheinman will be chairman. Approximately 230 representatives from approximately eighty youth organizations are expected. The immediate occasion of the meeting is to organize to aid in the present campaign of the United Jewish Welfare Fund.

Speakers will include Irving Hellman, chairman of the fund; L. Irving Lipsitch, executive secretary of the Federation of Jewish Welfare Organizations; and Rabbi Herman Lissauer, spiritual head of Temple Emanu-El. Iva Vanni will sing. She has just returned from Italy after two years there. Luis Ferrasano, baritone, will sing and Miss Evelyn Shapiro, pianist, will play.

Stuffed Potatoes

Select large smooth potatoes of the same size, wash and cut off one end of the potato and scoop out the centers, leaving a rather thick shell. For the filling use an equal amount of chopped raw meat, sausage, or ham as you have of the potato pulp, add one small onion chopped fine, one tablespoonful of chopped parsley, one chopped pimiento, and one tablespoonful of lemon juice. The filling is mixed with butter and two tablespoonfuls of melted butter, stuff the potato shells with this mixture, place in a baking pan, cover with melted shortening or oil and bake in a moderate oven until tender. If any of the mixture is left over, make into small balls and bake fifteen minutes before the potatoes are done. The balls to be cooked in the pan in which the potatoes are cooked.

Southern Chocolate Cake

Cream one-half cupful of butter, slowly add one cupful of sugar, creaming in a little at a time, add to the mixture three well-beaten eggs, little at a time, melt two squares of unsweetened chocolate, and add to the mixture, sift one cupful of flour, one cupful of sugar, and one-half cupful of melted butter, mix thoroughly, place in a moderate oven. Out in squares for serving.

Health and Diet Advice

Dr. McCoy will answer personal questions on health and diet, addressed to him at the Los Angeles Times. Stomach ailments, addressed services for rest.

The Cherry Season

Ripe, luscious cherries are among the most tempting of all fruits. They have been used by men for many thousands of years. The cherry tree grows wild in many parts of Europe and the Caucasus of Asia. Cultivated cherries were familiar to the ancient Romans. It is related that when Lucullus returned from his triumph in Rome after his victory over Mithridates he carried back with him a cherry tree laden with fruit. The seeds of cultivated cherries have also been discovered in the ruins of the lake dwellings in Switzerland.

The cherry season is short and everyone should make use of the cherries while they are abundant. While cherries are especially wholesome when used by themselves, they do not combine well with many foods, and therefore have the reputation of causing indigestion.

During the hot weather it is a good plan to make a meal of cherries alone, and as much as a pound or more can be eaten in this way. Cherries also combine well with milk, especially if the cherries are stewed and the milk slipped slightly in between.

Cherries and milk make a good combination may surprise many people, but it should be borne in mind that even a small amount of bread or cake used at the same time would likely cause trouble in the otherwise good combination.

Cherry seeds, using no other foods for a few days, are especially valuable in pimples, whiteheads and other skin eruptions. Of course, these should be used at the same time just as in any fast regime.

Most of the world's cherries are raised in the United States, France and Japan.

The fruit is ordinarily eaten in a fresh condition, but a large portion of the crop is also canned, and a smaller quantity dried or made into jam. Marshmallow cherries and cherry brandy.

Cherry seeds swallowed whole may do no harm, but the nutlike center should never be eaten because of the danger of hydrocyanic acid (a most poisonous substance) being present.

Cherries are best in their fresh state, but the dried cherries and cherries canned without sugar are also wholesome. The Marshmallow cherry is prepared by bleaching in a salt solution, rinsing thoroughly, and then saturating with glucose. The remaining pulp is then dried.

Student-Made Furniture in School Exhibit

To illustrate the quality of work done in the mechanical arts departments of public high schools and to interest manufacturers in the accomplishments of vocational students are the objects of a Lincoln High School annual furniture exhibit, which opened yesterday to continue through the week.

Manufacturers and directors of vocational work in public schools will act as judges in a contest to be conducted tomorrow night, according to announcements made by Alex. H. Butler and Ralph J. Sapper, instructors in charge. Prizes will be awarded for excellence in design.

How furniture should be grouped artistically in a model home will be shown, officials say. Living-room, dining-room and bedroom suites are arranged appropriately.

Tables, cabinets, dressers, end tables, writing tables, bedside tables, a Spanish renaissance dining-room set, a modern art bedroom group and other futuristic pieces are among entries in the various divisions constructed by students of the school for exhibition.

## No kitchen work—No cooking—Just pour milk over it

SHREDDED WHEAT

12 full-size biscuits

With all the bran of the whole wheat

A delicious, nourishing breakfast on which to work or play—the crisp flavory shreds of whole wheat encourage thorough chewing and insure easy digestion—A well-balanced ration for any meal and so easily prepared.

THE PAPER INSERTS IN EACH PACKAGE CONTAIN A SURPRISE FOR THE EYES

"If only I could tell this to every business girl"

Says an Office Manager

RECENTLY interviewed

of the country's outstanding scientists and asked to state the truth about the diet of athletes.

"The fuel of preference for the body," he said.

"A few minutes after sugar becomes available as energy."

"Why the football player is a climber, the soldier, or a person taking constant exercise, hungers for sugar in his diet."

"Famous food authority says that children also want sugar in their diet for the same reason."

"Watch a group of athletes, then look at a gymnast, and you will notice the similarity."

"In addition to furnishing athletic energy, sugar also mobilizes the fuel that they eat."

"The other foods they eat are not so enjoyable. No athlete can live on fuel alone."

"Athletes and roughage foods, vitamins and foods rich in mineral salts makes all of these health factors."

"Most foods are made of wheat."

"The new deodorant"

To assure the utmost distinctness of person, Kotex now deodorizes by a process discovered and perfected in Kotex laboratories. This process has been patented and is found in no other sanitary pad.

Corners cut and rounded

The fact that corners of the pads are now rounded and tapered means greater comfort as well as physical comfort. This improvement alone has impressed thousands of women, who write us in appreciation of its advantages.

Layers of filler are adjustable. The gauze, as well as the filler, is softer and gentler than ever. And Kotex is disposed of just like tissue. That fact alone has helped to change the hygienic habits of women all over the world.

Doctors and nurses have helped to teach women the importance of this new sanitary protection. They stress its soft, soothing comfort, its correct absorbency.

Fluffy, soft filler

Cellucotton absorbent wadding, which fills Kotex, offers a type of softness that no substitutes can equal. Surgeons in 87% of the company's leading hospitals insist upon Cellucotton absorbent wadding to give patients the greatest possible degree of hygienic comfort.

Women in business find that this modern sanitary protection means better health, greater opportunity for accomplishment.

IN offices throughout the country—in offices all over the world—women are realizing the full value of every working day, free from the problems which once retarded their progress. Kotex has not only meant new comfort and better health but it has brought a priceless mental relief.

## SPECT TAKEN WIFE KILLING

Freely Admits Murder, Police Report

Caught at Friend's Home in Stanton

Hold Without Bail for Hearing Friday

A wife who, police say, has been shooting his wife to death, was captured in hiding in the little town of Stanton and was lodged later in the Los Angeles City Jail on a charge of murder.

He was arrested before municipal Judge Ambrose shortly afterward on a charge of murder. The court order held without bail to await his preliminary hearing, which was set for Friday.

The time Saturday when he was taken from his home at 2708 Stanton street where his wife, Frances, was shot, was not known.

He was taken to the police station and attempted suicide by swallowing a razor blade. He was taken to the hospital and taken to the city.

## NEW ZONE PLANS HEARD

Council Committee and Planning Commission Set Date for Next Hearing July 15

Suggested changes in the proposed new zoning ordinance were considered yesterday by the City Planning Committee of the Council, with members of the City Planning Commission present. While no definite action was taken, it was agreed to conduct another hearing about July 15, when the new draft will have been printed and considered by all persons interested.

Principal among the changes is one offered by W. L. Pollard, representing the Chamber of Commerce, who suggested that a fourth residential zone be included to take in four-unit structures, such as flats. This suggestion met with approval.

S. H. Woodruff, real estate man, suggested that care be taken that the restrictions of the new ordinance will not interfere with the development, at present generally popular. Mr. Woodruff brought out the point that, due to the conformation of the region, it is not possible to apply the same rules to hillside property and to level ground.

No objection was raised to a recent amendment which restricts light manufacturing in Zone G to

car belonging to Joe Mendonca, a neighborhood grocer. Yesterday Wirt told police he dodged about Los Angeles until 6:30 p.m. Sunday when he stole a truck belonging to P. F. Fenece, of Oxnard, which was standing on Los Angeles street. Wirt drove the truck to Broadway avenue and Temple street, where he stopped at a drug store and bought a quantity of rat poison, which he swallowed. It made him very ill, he said, but failed to kill him, so he drove to Stanton where he obtained refuge with his acquaintance.

## Mother and Son Face Trial Jury

May S. Bryant and her son, John S. Bryant, yesterday went on trial in Superior Judge Frick's court on the counts of grand theft and one of conspiracy in connection with the promotion of the United States Thrift Corporation in California. It is asserted they held to themselves the proceeds of the sale of \$50,000 worth of stock in the company. It is expected the case will be on trial for three weeks.

## HERE'S BELLWETHER OF ANTLERED HERD

W. A. Chatterton

## FIRST ELK DELEGATE REGISTERS

W. A. Chatterton, Veteran Missouri Lodge Man, May Decide to Stay Here

The first lodge delegate to the sixty-fifth national convention of the Elks, to be conducted here from July 6 to July 12, next, registered at the local Elks' Temple yesterday.

He is W. A. Chatterton of Excelsior Springs, Mo., a member of the order for twenty-two years and here on his first visit since 1907.

Chatterton declared that he is astonished at the change and growth in Los Angeles since his last trip here. He said he sold his business in Excelsior Springs just before his departure for Los Angeles and that he may remain here after the convention.

He is stopping at the Elks' Temple. A polo game will open the Elks' convention festivities in the Coliseum July 11, to be followed by the final presentation by the motion-picture industry of the \$1,000,000 motion-picture electrical program. This was announced last night by J. J. Doyle, vice-chairman of the convention.

The contest, said to be the first outdoor night polo game ever played in America, will be staged by the Uplifters Club team, captained by Hal Roney, and the Buccaneers, captained by R. L. (Spow) Baker. Hundreds of powerful beacons mounted on the Coliseum wall will flood the turf with light.

STAGE SET FOR SPORTS EXPOSITION With an army of workers applying the final touches to the interior of the main structure at Wilshire Boulevard and Fairfax avenue, that will house the eleven-day National Sports Exposition, Percy G. Allen, constructor, assured exposition officials yesterday that the Elks' American Athletic Union show will be ready for final inspection tomorrow evening.

Which means the exposition will open Thursday at noon, with the official opening set for 3 p.m. At that time county and state officials will be on hand to launch the greatest feature Los Angeles has made in the way of fostering sports. A colorful lighting scheme that will focus the eyes of Southern California on the exposition each evening has been worked out. The exposition is to close with a Mardi Gras on Sunday night, the 26th inst.

The main exposition building, with its 140,000 square feet of floor space, has been transformed into a continuous panorama of mountain, valley and plain. Each afternoon and evening there will be athletic events staged in the 30,000-seat stadium adjoining.

SANTA BARBARA PIER APPLICATION ON FILE The United States Engineer's office yesterday announced application has been made by the Elwood Exploration Company, an oil concern, for War Department permission to construct a pier and bulkhead in front of its property at Elwood, near Santa Barbara, the pier to extend into the ocean a distance of about 2088 feet from mean high tide line. Maps will be on exhibition at 725 Central Building until 11 a.m. next Tuesday, the 25th inst., and interested persons may inspect them and submit objections, if any, based on navigation interests only.

## DRINKING BLAMED IN GORMAN DEATH

Patrick McShane Gorman, 50 years of age, formerly of 6664 Gladys avenue, found dead near a stack of baled hay in the Bandini district Sunday night, probably died from drinking denatured alcohol, according to reports of investigating deputy sheriffs yesterday. Gorman last was seen alive Monday, a week ago, working at the haystack. Beside his body which was found by Fred and Ralph Fuller, employees of the Los Angeles Gun Club, were two denatured-alcohol bottles. One was empty and the other was only half-filled. The coroner's office announced yesterday that Gorman was suffering from tuberculosis.

There are nearly 35,000 fewer skilled operatives in woolen and worsted industries of England than there were seven years ago.

## JUDGE WILL PLEAD LAW OBSERVANCE

Paul J. McCormick to Speak at Loyalty Group Mass Meeting at Bowl

Federal Judge McCormick, member of President Hoover's law-enforcement commission, yesterday was named as speaker at a mass meeting called for 3 p.m. Sunday in Hollywood Bowl, where the Citizens' Loyalty Alliance expects 30,000 persons to join in publicly endorsing a national law-observance movement.

Mrs. Mabel W. Willebrandt, also is expected to participate. Invited as honor guests are Gov. Young, Dist. Atty. Pitts, Mayor Over and Mayor-elect Porter. Negro spirituals by a chorus of 200 voices, and music by a harmonica band of several hundred boys are announced.

The Citizens' Loyalty Alliance was organized the 15th inst., when there were present representatives of the United Church Brotherhoods, State W.C.T.U., the Parent-Teacher Association, Council on Religious Education, California State Church Federation and leading denominations. Dr. A. M. Wilkinson is temporary chairman, Rev. Harry O. Banks, secretary; A. M. Mayo, organization committee chairman, and John A. Ford, publicity and radio.

## LOCAL DELEGATES GO NORTH TO CONVENTION

Headed by President Addison B. Day, the delegation representing Los Angeles Gas and Electric Corporation will leave today to attend the thirtieth annual convention of the Pacific Coast Electrical Association. The convention begins at Del Monte tomorrow, continuing till Saturday.

## Judge Hollzer Takes Place on Appeals Bench

Assignment of Judge Harry Hollzer, secretary of the Judicial Council of California, to the position of justice pro tem in Division 1 of the District Court of Appeals in Los Angeles, was announced yesterday. Assignment of a Superior Court judge to a similar place in Division 2 will be made soon, it is indicated.

Justice Hollzer will assume his new duties July 1, next, and will be associated with Justices Conroy, Houser and York in Division 1 for the period ending August 31, it was said.

Shortage of funds made it necessary two months ago to discontinue the practice of appointing Superior Court judges to pro tem positions on the Appellate Court benches here, but funds will be available once more with the beginning of the new fiscal year, July 1, it is said.

MANY CLASSES OPEN University college of the University of Southern California announces the opening of thirty-two late afternoon and evening courses today in the Transportation Building. Business and cultural courses will be given during summer months in commerce and economics, interior decoration, comparative literature, education, English, history, mathematics, philosophy, physical education, political science, psychology, religious education, sociology, Spanish and speech. These classes will be held semi-weekly for eight weeks, with no week-end classes included in the summer quarter.

## MASSKUSE ARRESTED

Charged with vagrancy and operating a massage parlor without a license, Anna Bouk, 44 years of age, was arrested at 421 S. W. Hallman Building yesterday by Police Officers Quinn and Sparks and Bert Humason, chief inspector of the Chiropractic Board. The arresting officers reported that the woman was trying to operate under the guise of being associated with a chiropractor.

## BOY DROWNS WHEN RAFT OVERTURNS

Inhalator Squad Works Two Hours Over Youth Without Success

A cruise on a home-made raft in the water under the Hyperion-avenue bridge near Glendale Boulevard and Riverside Drive, ended fatally late yesterday afternoon for 8-year-old Joe Figueroa, 3200 Castas avenue.

The lad plunged into the water when he attempted to jump from one raft to another, playmates told investigating officers. Bob Short, 14, of 3230 Garden avenue, and Joe Brenner, 10, of 2918 St. George street, are reported to have dragged young Figueroa from the water after he had been submerged for fifteen minutes.

Members of the central police ambulance squad and of the Hollywood Inhalator Squad worked over the drowned boy for more than two hours. They administered one bottle of oxygen and started a second before pronouncing the lad dead.

Evening rush-hour traffic was stalled for many blocks surrounding the scene of the tragedy as the officers and firemen fought to bring life back to the boy. The coroner took charge of the body.

ENGINEERS WILL FROLIC Catalina Island will be the scene next Saturday of the annual day of the American Society of Mechanical Engineers, Los Angeles section. It was announced yesterday by Secretary L. W. Voorhes. The boat will leave at 10 a.m. and return at 4 p.m. Preceding the sports events the engineers will be conducted through the Diesel power generating plant by Ralph Kilgus, chief engineer of the island. Voorhes also announced there will be a petroleum meeting and dinner at the Engineers' Club, 831 South Spring street, the 27th inst. F. S. Magruder and Hallan N. Marsh of the General Petroleum Company will speak.

# Active People want and need Sugar

The athlete requires quickly available energy. That is why he hungers for sugar in his diet.

Interviewed the country's outstanding athletes and asked them the truth about their diet.

"After sugar is available as energy. For the football player, the soldier, or any man taking constant and strenuous exercise, sugar is a must in his diet."

"I found authority went to the diet for the simple reason that the normal child is an active group of active children. They look at a gymnasium and are full of athletes, and they are the similarity."

"In furnishing athletes with the fuel that they can burn, sugar also makes their food taste delicious. No athlete and no athlete can live on fuel alone. They need range foods, vitamins and foods rich in mineral salts. All of these health foods

delightful to the taste and a joy to eat.

That is why sugar is indispensable even to adults who are not athletes. It enables them to eat and enjoy the health-giving foods such as cereals, vegetables and fruits. It is a well-known fact of human psychology that few people will force themselves to eat foods that they do not like.

Many people, for example, do not enjoy the taste of milk, and yet our bones and teeth demand the calcium and phosphorus that milk supplies so plentifully. The modern intelligent way for all people who do not like the taste of milk is for them to drink cocoa, milk shakes, egg-nogs and such drinks by which means milk becomes a delicious beverage.

Sugar is the perfect energy food and the ideal flavor for nearly all other foods. The Sugar Institute, 129 Front Street, New York.

Most foods are more delicious and nourishing with sugar

## Grape-Nuts

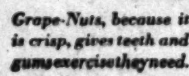

Buy it today for breakfast tomorrow

## The Newspaper can wait . . . .

"THERE'S A REASON"

WHEN Grape-Nuts comes on the breakfast table, other things can wait. For appetite says—enjoy the hearty goodness of wheat and barley, tinged with pure malt sugar. Enjoy these crunchily delicious kernels; crisply golden brown; nut-like. Enjoy the favorite breakfast food of millions of American homes. Try Grape-Nuts, and be glad.

Grape-Nuts, with milk or cream, provides well-balanced nourishment for health and strength.

## HEAD AND SHOULDERS ABOVE THE CROWD

The success of **VIOLET RAY anti-knock Gasoline**... its swift and spectacular rise to its position today as the preferred among all motor fuels... is another striking instance of the public's sane and sound judgment.

Eight months ago Violet Ray existed only in the laboratories of the General Petroleum Corporation. When it was released, the public quickly appreciated its superior qualities and then literally flocked by thousands to General Petroleum authorized independent dealers. Today its rapidly mounting demand places it head and shoulders above other gasolines.

There was nothing accidental or spontaneous about the Violet Ray success. General Petroleum insured it in advance by producing, out of its long experience, the finest fuel that refining science can produce today. The public itself did the rest.

But why was **VIOLET RAY anti-knock Gasoline** accepted everywhere, almost the instant it was released through the 3000 independent General Petroleum dealers?

Because the public gladly tried it and found that vitalized **VIOLET RAY anti-knock Gasoline** contains, instantly available, the maximum of atomic energy necessary for pickup, speed and endurance.

The improved performance of a million motors told the story. Acceptance was instantaneous and has increased from the first day.

**VIOLET RAY anti-knock Gasoline** volatilizes instantly, therefore it is quick starting.

Its combustion is immediate, thus developing unusually rapid acceleration.

It burns for the full stroke of the piston and gives that added impulse that means greater mileage.

Violet Ray is anti-knock... the superlative fuel for all types of automobile motors.

No other gasoline has made new friends so rapidly, no other has kept in old friends so firmly attached.

Sold only by authorized independent dealers in every town from Canada down.

Product of General Petroleum Corporation of California

A million motorists are finding that they need not pay premium prices for fine performance. **VIOLET RAY anti-knock Gasoline**... today's best motor fuel... is sold for the price of ordinary gasoline.

Non-poisonous... Made without the addition of chemical compounds, poisonous or otherwise.

LOOK FOR THE VIOLET COLOR, IT IS YOUR PROTECTION

### THREAT TARGET TO BE GUARDED

Police Act After Woman Gets Second Note in Week

Her Home Will be Watched Over by Special Detail

Changes Under Scrutiny of Handwriting Experts

A police guard for the home of Mrs. Price at 119 North Park street was being arranged late yesterday by Chief of Detectives on the result of the receipt of a second threat note within a week.

On the 26th inst., a man appeared at Mrs. Price's window and threatened to kill her with a revolver if she did not let him in. She ran screaming from the apartment and her husband was away at the time.

On the following evening, according to police records, the husband received a note at the window and read: "Habe, you are going to get away from me. I am watching you." It was signed "The Killer". Mrs. Price reported this to police, the following morning.

## FINE TALENT AT REDLANDS BOWL

Program for Season is Announced  
Concerts Twice Each Week  
Free to Public

### "Pied Piper" First Attraction Friday Night

REDLANDS, June 17.—Mrs. George E. Mullen, manager of the Community Music Association, which provides free concerts in the bowl here twice a week during the summer for the people of Redlands, announced today the artists for the season. Tuesday evening will be given over to community songs and popular programs. The Friday evenings will be given over to concert artists.

The season opens Friday of this week with a great community play, "The Pied Piper," on the 25th inst. Chief Yowich and Earl Blakeslee will be here. The 26th inst. the artists will be Fritz Le-Brun, winner of the vocal auditions at the Hollywood Bowl this year. Lajos Shuk, violinist, National Music League artist and Frances Mullen, Redlands' own pianist, will be accompanied. Ruth St. Denis, world renowned dancer, will appear July 3 as solo artist.

Madame Ely Ney, famed pianist and acclaimed as the greatest living exponent of Beethoven, who is to be a Hollywood Bowl artist, will play in the bowl the evening of July 12, which will not be her first appearance in Redlands. Nell Gott-hold, dramatic soprano of Hollywood, who has sung minor operatic roles in Los Angeles, will be on the same program.

July 19 Barre Hill, baritone of the Chicago civic opera and Hollywood Bowl artist, will sing. The second artist of the evening will be Catherine Wade-Smith, violinist, another National Music League winner, who played here last year. Elan Allen, Wagnerian soprano, who sang in the local bowl two years ago, will appear the night of July 26 and will be accompanied by Claire Melville, pianist.

The Norma Gould dancers and the Mischa Gigns Trio will give the program August 2, both having been introduced to Redlands on previous occasions.

Paul Althouse, noted tenor of the Metropolitan Opera Company, has been engaged for a concert August 9 which will be one of the outstanding musical events in Southern California. Marguerite La Grand, pianist, who won the Hollywood Bowl audition this spring, will also play that night.

The Fisk Jubilee singers, who are to be at Hollywood Bowl this summer, will sing here August 6.

Rudolph Reuter, famous pianist, who is holding a master class in Los Angeles this summer, will be the artist for August 23.

There will be two more concerts before the conclusion of the summer season but they cannot be announced yet.

## Name Zelzah to Go in Discard

ZELZAH, June 17.—The name "Zelzah" will pass out of San Fernando Valley on July 1, next, when the postoffice of the town will take the name "North Los Angeles," according to agreement reached with the national postal authorities.

Zelzah is one of the oldest towns in the valley. This area years ago was the Hubbard and Wright ranch and contained about 7000 acres. Thousands of tons of wheat and barley were harvested with machines that took eighteen spans of mules to draw.

In 1902 the Southern Pacific built the coast line tracks from Burbank to Chatsworth, and opened a station here for the loading of grain and other products. The station was given the name of "Zelzah" by E. M. Wright, and was taken from the Hebrew scriptures. Later the ranch was sold for townsite purposes and the new town that sprang up along the old name of the railway depot.

AMBULANCE MAN  
RIDES IN AMBULANCE

ONTARIO, June 17.—For several years W. D. Richardson of the Richardson ambulance has conveyed sick and injured folk to hospitals in his ambulance.

Today he knows how a sick person enjoys an ambulance ride. Richardson was rushed to San Antonio Community Hospital in one of his own ambulances.

His condition was reported not critical.

## INCORPORATION PAPER FOR ONTARIO HOME

ONTARIO, June 17.—Articles of incorporation for the establishment of the Pacific Christian Home for Orphans in Ontario were on file with the County Clerk today.

The home is to be established in Ontario by the Church of Christ of California. Committees have been named for providing finances for the project and during the period of planning and building a temporary home will be maintained, according to present plans.

## FINANCE COMPANY OPEN FOR BUSINESS

EL MONTE, June 17.—The El Monte Building and Loan Association, just organized and incorporated by local men, opened its doors today. Officers and directors of the Association are C. S. Ranger, president, J. C. Thurman, vice-president, Armin Krutzsch, secretary, F. Nauwman, Walter F. Dunn, D. D. Richardson and R. E. Lodge.

## BIG BOSS AT CELEBRATION

Robert Estep

COVINA, June 17.—As hosts to the entire San Gabriel Valley, the Covina Lions Club have laid plans for their seventh annual Fourth of July celebration to be held in the city park.

The day's program with Legion Posts, service clubs and other organizations from surrounding cities participating, will be the largest ever sponsored by local Lions. Edwin Jobe, president, declared today.

"We furnished entertainment for 8000 spectators last year and we expect at least 12,000 this year," Jobe said. The program of vaudeville, and various contests including golf, horseshoe throwing, plume events and varied athletic sports, will be carried out in carnival style, according to Robert Estep, general chairman, who stated that all committees have been appointed and the program is now under way.

One of the high lights of the day will be a popular contest to be presented by the Rotary Club and presentation of Boy Scout awards will be under the auspices of Howard T. Douglas, Post, American Legion of Covina.

The Drum and Bugle Corps of the Covina High School will make its initial public appearance in uniform, but that the proceeds of the entertainment in the hands of the Anthony Schornagel and I. Worth Everett, the entertainment committee.

Gilbert Nigg, as chairman of the objective committee, announces that the objective of the celebration does not center only in the patriotic advantages, but that the proceeds will be used to construct a sanitary kitchen in the city park completing an extensive program of improvement in park development.

Each year the Lions Club have devoted the entire sum realized from the celebrations in some civic improvement, and last year installed \$1000 worth of playground equipment in the park.

## RAIN CAUSES CRASHES

Sedan Leaves Highway Near Ontario, Turns Turtle, Two Occupants Injured

ONTARIO, June 17.—Rain and slippery pavements took a heavy toll of injuries on highways near Ontario during the week-end, a check of accidents revealed today. Three major traffic accidents caused injury to eight persons.

In attempting to avoid a collision with a truck on Colton road, east of here, a heavy sedan skidded from the pavement, collided with the truck, struck soft sand and overturned twice, sending five San Bernardino residents to the hospital in an Ontario ambulance.

Those injured were D. W. Duncan, driver of the car; Mr. and Mrs. J. W. Sechrest. Mrs. W. M. Duncan and Mrs. Furman Kelly. Mrs. Sechrest received a deep scalp wound, several fractured ribs and a wrenched back. Mrs. Kelly and Mrs. Duncan were cut about the head and legs. Duncan and Sechrest were cut about the head.

After crashing into the truck the heavy sedan rolled over twice, throwing all five occupants through the doors, windows and top.

Late last night two persons were

## HIGH LIGHTS OF HISTORY 1370

THE STORY OF THE WORLD WAR  
140—Obtaining Artillery and Machine Guns.

by J. CARROLL MANSFIELD

HEAVY FIELD ARTILLERY  
157 M.M. GUN.

BY THE TIME WE ENTERED THE WAR, THE FRENCH HAD PRODUCED ENOUGH FIELD PIECES FOR THEIR OWN NEEDS, AND THEIR ARTILLERY PLANTS POSSESSED SUFFICIENT SURPLUS CAPACITY TO SUPPLY THE AMERICAN EXPEDITIONARY FORCE WITH GUNS. AS A RESULT OUR FIELD ARTILLERY IN FRANCE USED THE FRENCH 75 MILLIMETER GUN, THE BEST OF ITS CLASS, AND THE 155 M.M. GUN.

ENTERING THE WORLD WAR THE UNITED STATES ARMY FOUND ITSELF WOEFULLY LACKING IN MODERN FIELD GUNS. THERE WERE NOT NEARLY ENOUGH TO GO ROUND, NOT EVEN FOR TRAINING PURPOSES, AND IN SOME OF THE CAMPS THE ARTILLERYMEN HAD TO DRILL WITH WOODEN DUMMY GUNS. THE WORK OF DEVELOPING A NEW AMERICAN 3-INCH GUN WAS BEGUN, BUT THIS PIECE WAS NOT READY UNTIL AFTER THE WAR. LUCKILY FOR US, OUR NEED OF GUNS COULD BE MET FROM ANOTHER QUARTER.

## INYO COUNTY ENTERTAINS VISITORS

Trout Dinner Feature of Opening of Tourist Season

Preparing Rainbow Trout  
Left to right—Miss Helen Montrose of Bridgeport, Mono county; Miss Venita R. McPherson of Mono Inn.

BISHOP, June 17.—Spring tourists traffic through this section of the high Sierras over the Tioga grade was formally inaugurated Saturday with an open-air trout dinner at Leavening under the auspices of the High Sierras Recreation Association.

More than 500 residents of Inyo and Mono counties, a delegation of Nevada citizens and a sprinkling of picturesque Mono Indians were present.

The visitors from points outside of Mono county were met at the Tioga summit by a group of Owens Valley business men, who had motored there equipped with shovels for clearing a passage through the snowdrifts which the unusually late spring had left up to a few days ago.

It was found, however, that the snow had entirely disappeared with the exception of a few isolated patches.

During a program of brief talks which preceded the dinner, speakers pointed out indications for an unusually large influx of motorists during the coming season, by way of both the Owens and San Joaquin valleys.

George C. Delury, Jr., Mono county clerk and president of the recently organized Mono Chamber of Commerce, acted as master of ceremonies. He prefaced his introduction by calling attention to the bill just signed by Gov. Young, which provides a minimum sum of \$20,000 for each of the fifteen smaller California counties for opening roads in recreational areas.

Among other speakers were W. M. David of Reno, who presented the greetings of the Nevada visitors; Robert Crosby, representative of the Automobile Club of Southern California in Inyo and Mono counties; B. W. Holman, president of the High Sierras Recreation Association; J. V. Lloyd, assistant superintendent of Yosemite National Park; Frank McConnell, director of exhibits at the coming State Fair at Sacramento; J. A. Miller, Mono county Supervisor, and E. T. Albright and W. B. Evans of Bishop. C. E. Wilson and Mrs. Venita R. McPherson extended a welcome on behalf of the resort owners of the Mono district. Plans of the Los Angeles Chamber of Commerce to promote tourist traffic to the high Sierras this season were briefly outlined by Archie M. Dunfing representing the chamber publicity department.

More than 300 pounds of trout caught for the occasion in Mono county streams and lakes under the direction of Bob Curry were served, together with a barbecue plate. Some of the fish were stant rain-bow weighing twelve to fifteen pounds.

Trout fishing through the high Sierras probably will be the best in years, according to Mr. Holman, who was in general charge of the celebration, owing to unusually heavy rains, which have resulted in abundant water in the streams and lakes. Roads throughout this part of the Sierras are reported to be in excellent condition. Recent thawing have opened practically all of the lakes, even those at the higher levels, it is said.

## Levees Protect Imperial From Flood Menace

IMPERIAL, June 17.—Flood water in the Colorado River will reach its annual peak flow on Friday this week, with an approximate discharge of 85,000 second feet at Yuma, according to a message received here today by J. C. Allison from the United States meteorological station at Denver. The crest of the flood already has passed Grand Canyon gauging station, a high point of 85,000 second feet having been registered at that point last Wednesday, according to information received here.

The Denver message predicts that the flood level along the Imperial Valley levees will begin receding June 22. Engineers at the office of the Imperial Irrigation District stated today that the levees are in excellent condition and that they do not anticipate trouble at any point. The breach in the new levee erected this season by J. C. Allison in Mexico on the east side of the Colorado River below Yuma, is now nearly a half mile wide, but as there is no cultivated land on the Sonora side, the only loss involved is the cost of restoring the dike.

Reports of snowfall in the upper watershed 30 per cent above normal early this season, caused river engineers here to make preparations for an excessively high flood runoff. The fact that a high peak flow has failed to develop is attributed to the high winds and constant temperatures on the west slope of the Rocky Mountains, which caused the flood discharge to be distributed over a longer period than usual.

## War Boats Change Base

SAN DIEGO, June 17.—With orders having been issued for part of the San Diego-based submarines to proceed from here to the Hawaiian Islands, the 8-type submarine tender, the submarine tender Holland, scheduled to get under way for the trip to Honolulu tomorrow. Steamships from port to port, the submarine tender Holland, scheduled to get under way for the trip to Honolulu tomorrow.

Warships which will remain here during the summer include the submarine tender Argonne and the V-type tender Argonne, together with the destroyer squadron No. 12, the destroyer tender Albatross and the aircraft carrier Langley, according to report at One Hundred and Tenth Naval District headquarters.

## STREET IS NAMED FOR MISSION PLAY AUTHOR

TUJUNGA, June 17.—Certain streets in Simland and Tuna Canyon annex to Los Angeles are now being renamed by officials of the larger city to do away with the duplication of names within the area of the metropolis. Michigan avenue is now Pothill Boulevard; Los Angeles street, Apperson avenue; Sherman street, Hartranft avenue; Center street, Grenoble avenue; Third street, Wentworth avenue; North street, Woodward avenue; Hill street, Hartranft avenue; Main street, Drive has been named McCreary avenue in honor of John Steven McCreary, who has his home in this section of Tujunga Valley.

## SYMPHONY CONCERT IN POMONA PARK

POMONA, June 17.—The next concert of the season will be given by the Valley Symphony Orchestra, Miss Helen Sandford directing, in the Pomona Greek Theater Friday evening, June 18th. The program followed a meeting of the executive board today.

Decision to hold the affair in the Greek theater was made following weather reports indicating that the night would be warm and also a greater audience can be accommodated than in the Pomona High School auditorium where two previous concerts have been given to capacity audiences.

Soloists for the occasion will be Senora Rosa Gavito, Spanish concert pianist, who will play Tchaikovsky's concerto in B flat minor as a concluding number on the program, which includes Mozart's "Symphony in G Minor," Weber's "Overture to der Freischutz," Brahms' "Hungarian Dances" and Miss Gavito's special piano number.

Rehearsals are being held in the Y.M.C.A. auditorium here twice each week, the program shaping up nicely. The advance seat sale was launched today by Mrs. W. L. Cooper, chairman of the ticket sale.

## NEW HOUSE AT BORDER

Quarantine Officers at Yuma to Have New Building in Near Future

BRAWLEY, June 17.—Eastern motor tourists who enter California along the Southern transcontinental route at Yuma, will be greeted by State quarantine and motor vehicle officers at an attractive Spanish-type guest house, located on the banks of the Colorado River opposite Yuma, according to plans made public here today by a letter from Lyman M. King of the State Department of Finance, to Assemblyman M. D. Witter.

King stated that funds had been provided for the erection of a substantial building, which will house both the quarantine officers and representatives of the State motor vehicle department who are now on duty at the California-Arizona border. Provision will also be made for rest rooms and information bureau to be operated by Chambers of Commerce and other organizations in Southern California as a courtesy to visiting motorists.

The Associated Chambers of Commerce of Imperial county, the Automobile Club and other agencies have been urging the erection of such a building for several months. Motorists are now entering the State

## TENTATIVE DATE FOR ELECTION

San Diego's Charter to be Ready for Approval in Few Months, Says Mayor

SAN DIEGO, June 17.—A vote of the people on adoption of a new city charter is scheduled for late in December or early next January, Mayor Harry C. Clark stated today.

The Mayor said the Freeholders Committee is anxious to have the charter completed, revised and adopted at least a year or longer before the time for its operation is fixed. This cannot be before ratification by the Legislature to be elected in 1935, he said.

Meanwhile, the Freeholders are considering every phase of municipal government suggested, and with a view of facilitating the work, the Council was asked today for an appropriation of a fund to meet the expense of a paid secretary and to employ the services of an outside adviser on municipal government, the Mayor said.

Under the law the charter must be completed within 180 days, and the Mayor said that this would be within a few months. Meanwhile, he said, if it is adopted by next January ample time would be left in which to edit the method of government and in adjusting the various departments to be devoted to the tasks provided in the new charter.

## Horse Races at Celebration

POMONA, June 17.—With a notable list of entries, including some of the most famous trotters and pacers on the Pacific Coast, besides various special feature events, the annual July 4, charity race program, given by the Pomona Fair Lodge, promises to be the center of attraction for valley residents, as well as horse lovers, from other Southern California communities.

A card of three harness and two or more running races, will be shaped up, while an outstanding feature will be an exhibition by Billy M. (the Canadian) guided by wonder horse now training at the fair grounds, who without rider will compete against a field of harness horses. The race program will be given at the half-mile track at the Los Angeles County Fair Grounds here, Fred C. Froehde, Realted Ruler, being in general charge.

## OWENSMOUTH SCHOOL TO REBUILD AT ONCE

OWENSMOUTH, June 17.—Classes have been resumed on the campus and in auxiliary buildings of the Owensmouth High School since the week long fire which destroyed the main building on the south side of the town.

Principal G. Walter Monroe, who the school will be rebuilt on the present site and probably will be even larger than the school that was burned. According to word received from the Board of Education, the structure will be completed in time for the coming fall term.

The greatest loss suffered in the recent fire was the destruction of the library of the school. The collection of books is said to have been the most valuable in San Fernando Valley.

## WOMAN DROWNED AT LAKE

RIVERSIDE, June 17.—A woman, 35 years of age, was drowned today in a small boat on Lake Hemet, near San Francisco.

The woman, Mrs. Charles F. Brown, was found floating in the water near the shore. She was wearing a life preserver and a small motor boat.

The body was recovered by a local fisherman and taken to the shore. The cause of the drowning is not yet known.

## HOSTESS FLYER LATEST IN AERONAUTICS

EL MONTE, June 17.—The El Monte Flying Club, which has been organized for some time, is now in the process of organizing a flying school.

The school will be held at the El Monte Flying Club, which is located in the El Monte area. The school will be open to all who are interested in flying.

The school will be held for a period of several months. The cost of the school is not yet known.

## VOTERS DECIDE WATER QUESTION

Ten Million Dollars Issue Up at Pomona

PASADENA, June 17.—The voters of the San Gabriel Valley will decide upon the issue of a \$10,000,000 bond issue for the construction of a water supply system for the city of Pasadena.

The bond issue will be used for the construction of a water supply system for the city of Pasadena. The bond issue will be used for the construction of a water supply system for the city of Pasadena.

The bond issue will be used for the construction of a water supply system for the city of Pasadena. The bond issue will be used for the construction of a water supply system for the city of Pasadena.

## HOWARD JURY BEING CHOSEN

Selection Expected to be Completed Today

Pasadenan on Trial Over Killing of Cooley

Slain Man's Widow Will be Witness for State

Selection of a jury is expected to be completed this morning in Judge Hardy's court in the case of John L. Howard, Pasadena automobile man, charged with murder in connection with the death of April 18,

## POLICE SUED FOR DAMAGES IN RUM RAID

Damages aggregating \$167,500 are asked by C. F. Bean, 72 years of age, and his wife, Mrs. Bessie Bean, in suits filed yesterday against four members of the police force, H. R. Jordan, J. W. McDonald, M. Witt and R. Young, and Fremont Ackerman, said to be a police informant.

The suits by Bean charge personal damages by reason of an invasion of his home, 1007 West last, of Victor A. Cooley, his former employer and room-mate.

When court adjourned yesterday six men and six women were seated tentatively in the box as jurors and with but three challenges remaining to the prosecution it was indicated the jury will be sworn in before the noon recess today.

CONTINUANCE DENIED

The entire session yesterday was consumed with the examination of veniremen, a number of whom were excused from service because of fixed opinions in the case of prejudice against capital punishment.

Twenty-fifth street, without a search warrant. Mrs. Bean's suits make similar allegations, asking damages of \$21,000 and a further suit against Ackerman asks \$50,000 damages for slander.

According to the complaints the four officers broke into Bean's home at 1:30 p.m. June 18, 1928, and accused Bean of making and selling liquor. After a thorough search of

the premises no liquor was found, but Bean, who was ill in bed, said he was seriously affected by the invasion of the policemen and suffered considerably from the shock.

The policemen obtained their allegedly false information that Bean was bootlegging from Ackerman, it is charged.

asked for a continuance as it was learned his associate in the case, Assistant Chief Deputy District Attorney Jordan, was stranded in a rainstorm in Santa Barbara county and would be unable to be in court.

Judge Hardy, however, ordered the case to proceed and it was reported Jordan will be in court today to assume charge of the prosecution.

MRS. COOLEY TO TESTIFY

Howard is asserted to have beaten Cooley with a hammer as Cooley lay in bed in his Pasadena apartment. The State charges Cooley died of the injuries said to have been inflicted by Howard. Howard who is asserted to have confessed beating Cooley and to have admitted that he was in love with the slain man's wife, is represented in court by Attorney John Dewese and Joseph Combs.

Dep. Dist. Atty. Aggeler announced that Deputy County Attorney Surgeon Webb, who made a post-mortem examination of Cooley's body, will be the first witness called by the State when the taking of testimony gets under way. Dr. Charles D. Lockwood, physician who attended Cooley before he died of the blows asserted to have been delivered by Howard, will be called.

Mrs. Pearl Cooley, widow of the slain man, also is scheduled to be a witness for the State, but it is said she probably will not be called today.

The trial will be resumed at 10 o'clock this morning.

## Sam Kress Plans Hollywood Drive

Sam Kress, executive vice-president of the Bank of Hollywood, has been appointed chairman of the Hollywood division of the United Jewish Welfare Fund campaign for \$200,000 for national and international Jewish institutions. He will form a separate unit.

Expressing confidence that the Jewish residents of Hollywood will respond generously to the appeal, Mr. Kress, on accepting the chairmanship, said: "We will appeal to every civic, religious and business group in Hollywood to aid us in reaching our share of the quota."

Every attempt is being made to end the campaign by July 1, so that the funds raised can immediately be sent to the various organizations participating in the appeal.

## Two Sentenced for Obscenity

Two men, accused of writing "poison pen" letters, yesterday pleaded guilty in the court of United States District Judge James. William T. Johnson was sentenced to fifteen months in a Federal prison for sending obscene letters to Marian Ward of South Gate, a young woman whom he never had met.

John Hettler, who also pleaded guilty, got off easier because the court felt that the allegedly obscene letters he sent to a Main-street follies girl, would not shock her so much. Hettler was sent to the County Jail for three months.

## WIFE CHARGES ABUSE

John Schryer has a hot temper and during his married life with Mrs. Grace C. Schryer he flew into fits of rage and used abusive language toward her, she testified yesterday before Superior Judge Yankwich. A decree was granted.

## NANCY WELFORD PLAYS TALKERS

George Jessel Arrives to Appear in Fox Movietones; Esther Ralston Will Be George Bancroft's Lead; Virginia Valli Cast Opposite Carrillo

BY GRACE KINGSLEY

That charming little stage star and pleasing singer, Nancy Welford, is shortly, we hear, to become a Pathe luminary in talking pictures.

Miss Welford has been in Portland, singing the same part in "No, No, Nanette," in which she scored so heavily when Lillian Albertson produced the musical piece locally.

She received an offer from Pathe to appear in talking and singing pictures a few weeks ago, and now we hear that she is about to sign.

She will arrive in Los Angeles, according to report, within a few days.

The little star has played in this city, and is a favorite. She has lately been giving much attention to her already nicely cultivated voice.

## FOX STAR ARRIVES FOR TALKIE ROLE

Arriving in town yesterday from New York, where he has just completed a stage engagement, George Jessel is going to Fox studio today to begin preparation for his first Movietone picture, a talking picture version of "The Hurdy Gurdy Man."

Irving Cummings has been appointed to direct Jessel in this Movietone. The remainder of the cast is not selected as yet.

The star's next picture for Fox will probably be a Movietone version of the play which George Jessel wrote in collaboration with Sammy Spewack, and which is called "War Song." Jessel appeared in the piece lately.

It is probable, according to studio officials, that Jessel, Cummings and some others of the cast will go to Los Angeles to make scenes for "The Hurdy Gurdy Man." Arrangements to this end are even now being made.

Esther Ralston Plays Lead

Esther Ralston is to be George Bancroft's leading woman in his next Paramount starring vehicle, "The Mighty." It was announced yesterday by Jesse L. Lasky.

This marks the second role in an all-talking production for the blond Paramount player, and brings her and Bancroft together once again for the first time since the two received acclaim for their performance in "Old Ironsides."

Miss Ralston has recently completed her first talking role, appearing opposite Richard Dix in "The Wheel of Life." So well did her voice record that Paramount officials yesterday decided to cast her in the present role. She will complete this part before assuming her featured role in "Pointed Heels," with William Powell and Helen Kane.

Agnes C. Johnston Writes It

No less skillful a writer than Ag-

nes Christine Johnston is to make the film and talking adaptation of James Gleason's play, "Shannon of Broadway," in which Gleason will star for Universal, it was learned yesterday.

Miss Johnston has written the adaptations for many successful films produced by Metro-Goldwyn-Mayer, First National, and Mary Pickford, as well as many original stories for the screen.

Ivan Lebedeff With Fox

Since producers discovered that Ivan Lebedeff's accent is negligible he has been meeting with much success in the talkers.

As soon as the Russian finished his R-K-O. role opposite Betty Compson he was signed by Fox to play a featured romantic role in Will Rogers' first starring vehicle, "They Had to See Paris."

Virginia Valli is Carrillo Lead

Lovely Virginia Valli is a very busy girl these days. Having just finished a First National picture, Miss Valli is taking herself over to the Tiffany-Stahl studio, where she is to play the lead opposite Leo Carrillo in that star's first talking production, "Mr. Antonio."

"Mr. Antonio" starred Otis Skinner on the stage for two or three seasons, and, charming comedy that it is, played in Italian dialect, should just suit Carrillo.

Warners in Germany

Warner Brothers, cognizant of the trouble which American films are meeting with abroad, is to take the by the horns, we hear, and produce talking pictures in Berlin.

Bryan Foy, now in charge of Vitaphone in Brooklyn, is to be sent abroad to inaugurate the talkers in Germany, just as he did in Hollywood.

Richard Warbles for Fox

When you hear the theme song, "Little Black Sheep," in "Lucky Star," which is the next Charles Farrell-Jane Gaynor starring vehicle, it will be no less accomplished a singer than Vernon Rickard, who was former leading man for the Duncan Sisters and who has appeared in a number of Vitaphone short subjects, who will be singing the number. "Little Black Sheep" was written by L. Wolf Gilbert and Abel Baer.

Gloria's Title Chosen

Gloria Swanson's first 100 per cent talking and singing picture, now well advanced in production under the direction of Edmund Goulding, who also wrote the story, has been titled "The Treasurer," according to word received yesterday.

Harry Richman Among Us

Ready to launch work on his first motion picture, Harry Richman, a noted New York musical-comedy star, arrived in Hollywood yesterday to make an all-singing, all-talking extravaganza for United Artists. Irving Berlin wrote the story, tentatively titled "The Song of Broadway," and composed eight songs especially for Richman's film debut.

## EQUITY'S CAT OUT OF BAG

Executive Secretary Quoted in Explanation of Move Against Film Industry

Another explanation of why officials of Actors' Equity Association have arrived in Hollywood to conduct a campaign to force motion-picture producers to give employment only to Equity members, in all but very minor roles, yesterday was intriguing the local film colony.

When Frank Gilmore, Equity's president, arrived recently from New York to effect an Equity shop here he issued a statement in which it was set out that he came in response to a demand of local Equity members who wish Equity conditions set up here and because of asserted abuses of actor folk by producers.

However, there arrived here yesterday clipping from the New York Times and New York World in which Paul Dullzell, executive secretary of Equity in Gilmore's New York national headquarters, is quoted as saying that Equity did not open the campaign in Hollywood because of any abuses here. The New York Times quoted Dullzell as follows:

"Equity's real reason for doing this is not because of any particular abuses now existing in the talking motion pictures."

The Times story goes on to say, in effect, as does that in the World and that Equity is losing its discipline over actors because they are leaving the Equity-controlled legitimate stage and going into non-Equity picture acting; that legitimate play production is suffering because of desertions and that producers of stage plays are heartily back of Equity's move. Dullzell in substance demanded what the stage actors are said to be doing to stage producers in many instances by going into pictures and how the actors thus enter a field where Equity had no jurisdiction over them, according to the newspapers' reports.

Many here have declared from the first that the move by Equity officials was not because of any need of either the motion-picture industry, actor or producer, but because of a desire on the part of Equity to control the picture stage. It is long has controlled the legitimate stage. Dullzell's reported statements appeared to have let the cat out of the bag, so to speak, in face of Gilmore's opening statement setting out that the campaign was instituted because of abuses and Equity actor-folk demand.

Gilmore was acquainted with the reports of Dullzell's statements yesterday and was somewhat surprised by them. However, he offered an explanation. He said that while Dullzell is in fact executive secretary of Equity, Dullzell is not well acquainted with the actual situation in Hollywood, and that if Dullzell said what is attributed to him in
